HIGH OFFICIALS IN FLIGHT: HUERTA NOT AMONG THEM

RACING TO GET AWAY BEFORE CRASH COMES

Prominent Aides to Dictator Quit Mexican Territory Aboard Espagne, Sailing from Vera Cruz

HUERTA MAY QUIT TODAY OR TOMORROW

Washington, July 14.—Gen. Huerta was not among the high official Mexican refugees sailing from Vera Cruz on the liner Espagne, according to early dispatches today from Gen. Funston.

The holding of the liner and the hurried repair of the railroad to Mexico City had been taken as an indication that the dictator was ready to flee with Adolfo de la Loma, Esteva Ruiz, Querido Moheno and the Generals Maas, all of his official family, who sailed on the Espagne.

Reports from Consular Agent Carothers say Carranza has moved his provisional capital to Monterrey from Saltillo. Is Expected Momentarily.

Huerta's resignation momentarily was expected in Mexico City today. Official diplomatic dispatches from the federal capital stated the dictator probably would quit his post and turn over his administration to his new foreign minister, Francisco Carbajal, either today or Wednesday.

Evidence that Huerta was preparing an avenue of exit after his abdication was seen in the work of restoring through rail communication between Mexico City and Vera Cruz. The chief engineers of the Mexican railway were sent from the capital personally to supervise the repairing of the gap in the line near the coast. Huerta, it was believed, might use that route of departure. The railway was torn up after the American occupation of Vera Cruz. Crisis is imminent.

With a crisis imminent officials and envoys of the South American republics were untiring in their efforts today to bring about a transition of power in Mexico City without further sacrifice of life. Carranza is notifying the United States that he would not sanction any

conference with representatives of Huerta to draft peace terms, declared that unconditional surrender of the authorities in Mexico City was the only thing he would accept. He said he could give ample assurances for the guarantee of life and property.

While Washington officials have indicated that they would take no steps to interfere with the affair, yet the rebels have been notified that recognition would not be given them if violence marked their entrance into Mexico City.

THEY EXPECTED HUERTA.

But Officers Who Hurried Out to Gap Were Disappointed.

Vera Cruz, July 14.—In the belief that Gen. Huerta and his family possibly would arrive today from the capital, a large number of American army and navy officers proceeded on the morning train to the gap in the railway. There was, however, no one of importance among the incoming passengers.

NEW TRIAL FOR MRS. WAKEFIELD

Second Hearing for Woman Once Convicted of Slaying Husband.

New Haven, Conn., July 14.—Bessie J. Wakefield was placed on trial today for the second time under an indictment for murder, in causing the death of her husband, William O. Wakefield, at Cheshire on June 13, 1913. The woman was found guilty of the murder on October 31 and sentenced to be hanged on March 4 last. Upon an appeal to the supreme court she was granted a new trial. James P. Ploy, who actually murdered Wakefield, was convicted in a separate trial and paid the penalty for the crime. Mrs. Wakefield and Ploy had been close friends. The state alleged in the first trial of Mrs. Wakefield that the woman was the master mind in a plot to kill Wakefield.

WORTH \$33,000, SHE LIVES IN A SHACK; WOMAN HERMIT HIDES SECRET ALONE.

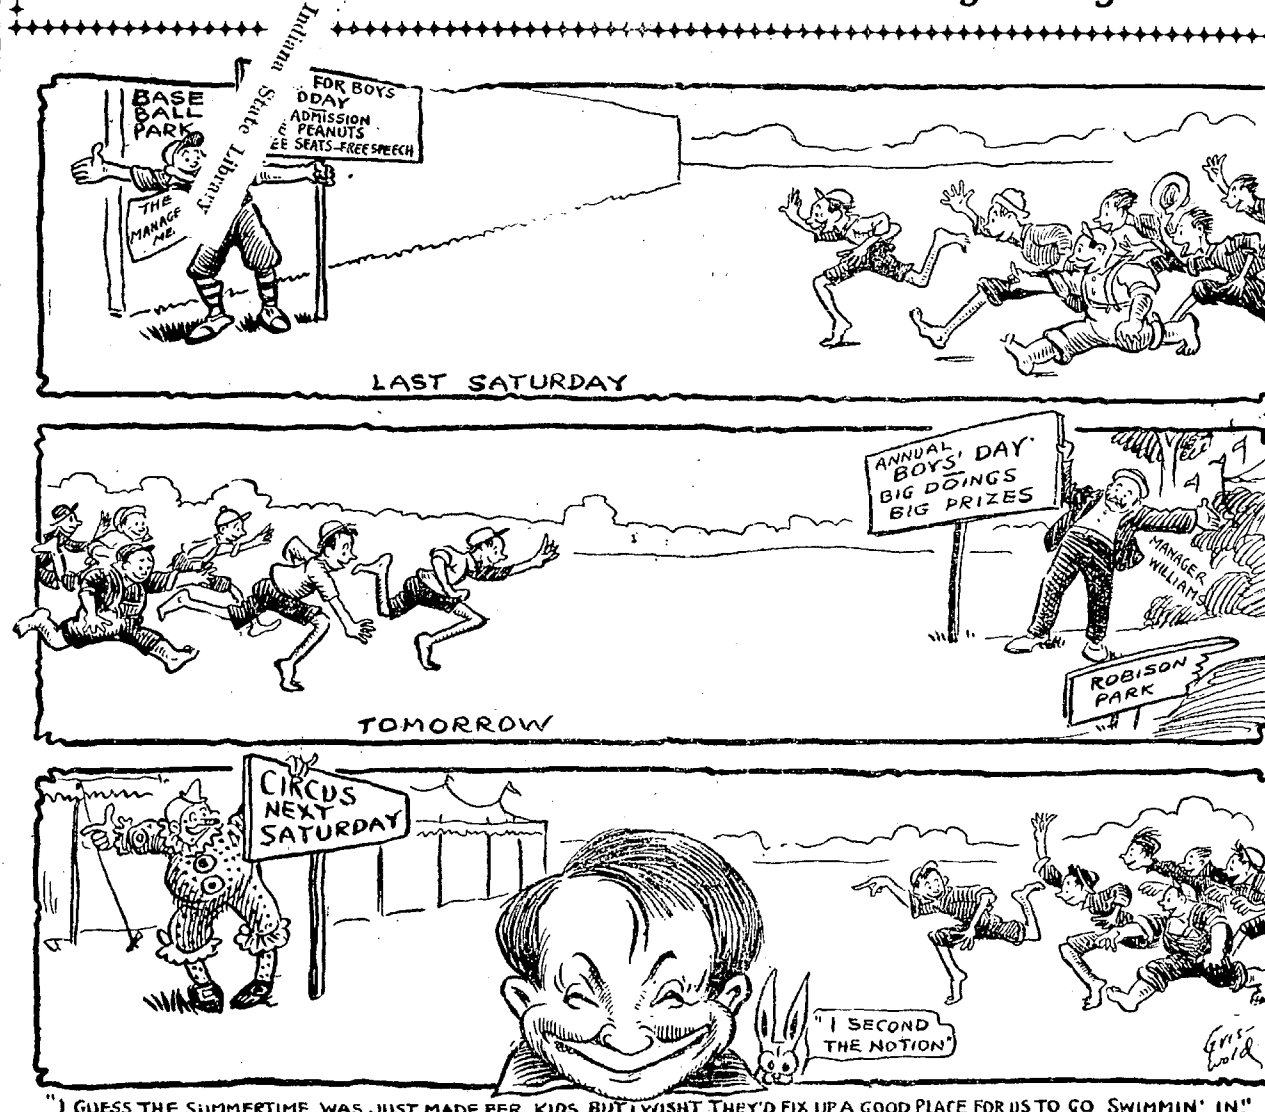

"AUNT POLLY" DAVIS AND HER LITTLE CABIN.

Quicksand, Ky., July 14.—"Aunt Polly" Davis could live in a villa at Newport if she wanted to—she has \$33,000 in the bank and her 1,000-acre farm, rich in coal and timber, is worth a fortune. If she applied to her, she would be giving tango lessons and lawn mowing to a host of admirers.

wrecked her life. So now, at 82, she lives alone in a desolate little cabin, with no companions but her chickens. The tragedy of her life is a sealed book. No one knows why she shuns the world and keeps on making money which she never spends.

TRUST BILLS HIT NEW SNAG

Railway Stock Supervision Develops Hitch in the Hearing.

NEW HAVEN CASE GETS INTO DEBATE

Jones Will Be Confirmed by 5 to 10 Majority, is Prediction.

Washington, July 14.—Administration trust bills struck another snag in senate committees today. The interstate commerce commission was unable to agree whether the railroad securities bill should merely provide for supervision of the issue of stocks and bonds or go further and regulate for what purpose funds could be used.

The judiciary committee spent several hours discussing constitutional questions of the Clayton omnibus trust bill. Prospects of a joint session of the two committees to work out a general program for embodiment into one bill were said to be good.

Late Flashes from The Sentinel Wires

New York.—Heavy selling of New Haven forced that stock to the new level of 54 in the course of today's early session.

Boson.—John Gardner Beals, 78, at one time part owner of the New York Post, died from heart failure at his home here today.

Brazil, Ind.—Daniel H. Davis, 75, banker, capitalist and one of the wealthiest men in Clay county, died at his home today of paralysis and kidney trouble.

Washington.—President Wilson went to the ball game today. It was his first visit to the American league park this season.

London.—A portrait of the late President William McKinley, presented to the Wesleyan Methodist Central hall, in Westminster, by J. G. Butler, jr., of Youngstown, Ohio, was unveiled today by Walter Hines Page, United States ambassador.

Oyster Bay, N. Y.—Col. Roosevelt interrupted his rest cure today to arrange a celebration in honor of his son, Ker.

AMOS R. WALTER ASKED TO RETIRE

Message from Indianapolis Tells U. S. Marshal to Close Office.

A long distance telephone message from the office of the United States marshal for the district of Indiana, at Indianapolis, Tuesday morning, instructed Amos R. Walter to close his office as deputy United States marshal here, and

AMOS R. WALTER.

stated that a successor would be appointed shortly. Retiring with Mr. Walter is Samuel Errington, deputy under Mr. Walter.

Papers and other matters in the office have been turned over to Deputy United States Clerk Thomas J. Logan, and will be retained by him until Mr. Walter's successor arrives. It is said that the name of the man to be appointed is unknown here.

Mr. Walter has served as deputy marshal for seven years. He was appointed under the term of H. C. Pettit, United States marshal for the Indiana district, and succeeded John A. Scott, deceased.

CONDITION IS ACUTE.

Duke of Aosta Very Ill From Typhoid Fever.

Naples, Italy, July 14.—The condition of the Duke of Aosta, the King of Italy's cousin, who is suffering from typhoid fever, was described today as acute. A bulletin issued by his physicians says:

"The symptoms are acute. Temperature, 103.6. Pulse, 112 to 120. Feebleness of the heart is again apparent."

MORE COTTON CONSUMED.

Figures Show Increased Demand Over Previous June.

Washington, July 14.—Cotton consumed during June was 445,635 bales, exclusive of linters, compared with 441,167 in June last year, the census bureau announced today. Consumption

ULTIMATUM TO RAIL CHIEFS

Strike to Tie Up 148,000 Miles Imminent if Settlement Fails.

CONFERENCE IS ON AT CHICAGO

Heads of Firemen and Engineers Meet Managers' Committee.

ENGINEERS TO REFUSE FEDERAL ARBITRATION.

Chicago, July 14.—Representatives of 55,000 engineers and firemen on ninety-eight western railroads today declared that they would not accept arbitration of their wage differences under the Erdman act, but would continue negotiations with their employees.

Chicago, July 14.—An ultimatum in the wage dispute between 55,000 engineers and firemen of the ninety-eight railroads west of Chicago and their employees was scheduled to be presented today to the managers of the roads. A gigantic strike which will tie up 148,000 miles of road is imminent unless an agreement is reached according to the union officers.

The ultimatum, it was announced, contained the statement that 90 per cent. of the men had voted to strike unless their demands were acceded to. Counting of the strike referendum ballots has just been completed. The next move is up to the roads. It may take the form of an appeal to the federal department of labor for arbitration.

Virtually all lines west of Chicago, the Illinois Central and lines in Canada, west of Fort Williams, except the Canadian Grand Trunk Pacific, are affected.

Warren S. Stone, general chief engineer of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, met the general managers' committee of the railroads today. The session was prolonged until

EVENT NOTABLE AS SPECTACLE

Many Thrills in Parisian Celebration of Fall of the Bastille.

Paris, July 14.—Half a million Parisians celebrated the anniversary of the fall of the bastille at the president's annual review of the Paris garrison today and saw ten aeroplanes rise at the far end of the Long Champs race course and in perfect alignment of fours fly at full speed past the presidential stand.

A mighty roar of cheering swept over the ground and kept on as 30,000 troops, comprising cavalry, artillery, infantry and other branches, marched in close order before the reviewing stand.

Another minute of excitement was provided when at the close of the review 2,000 cuirassiers in bright steel breast plates and brass helmets, charged, swords in air, to within thirty paces of the president. Brilliant weather brought out a large number of distinguished guests, including most of the diplomatic corps, the French cabinet ministers, the speakers of the chamber of deputies and senate, and a host of society people.

The troops of all the garrisons in France also paraded and the military authorities calculated that over 400 army aeroplanes were on the wing at one time in various parts of the country.

Fireworks displays, military bands, public dancing, free performances at theaters in the afternoon and evening in Paris and all the other cities, towns and villages of France were provided at the expense of the government.

ELKS TAKE UP LEACH CHARGES

Club Feature Often Mere Subterfuge for Liquor Selling, He Says.

Denver, Col., July 14.—Politics was brought into the twenty-eighth annual national reunion of the Benevolent and Protective Order of Elks and the golden jubilee of the grand lodge today.

The fiftieth session of the grand lodge began its three day secret session. Among other things, it will consider charges made by Grand Exalted Ruler Edward Leach in his annual report upon a tendency of some lodges to develop the social or "club" feature of a lodge to the extent, in prohibition localities, that they have become subterfuges for selling liquors.

Five thousand child delinquents have come under the guardianship of 308,000 Elks in 1,901 lodges in 48 states and four possessions—Guam, Alaska, Hawaii and Porto Rico—since the Rochester inauguration of the Elks' "big brother" movement in 1913. An appropriation of \$10,000 to continue their work, the publication of a periodical upon the movement and incorporation of the big brother committee into the grand lodge are urged by that committee in a report to the grand lodge.

Raymond Benjamin, of Napa, California, was elected grand exalted ruler today by acclamation.

COUNTY CHAIRMEN COME IN RELAYS

Republican State Leader is Holding Conference on Reorganization.

Indianapolis, July 14.—Republican county chairmen from the First, Eighth and Tenth districts began arriving this morning for the conference on organization with Will H. Hays, state chairman, and L. W. Henley, secretary, at the republican state headquarters here this afternoon. District Chairmen Baltzell, of the First; LaFollette, of the Eighth, and Smith, of the Tenth, also were to attend the conference.

A. W. Cook, of Evansville, republican candidate for congress from the First district, also attended.

Chairman Hays and Secretary Henley will meet the county chairmen from the Second, Sixth and Thirteenth districts here tomorrow and these will be followed by the county chiefs from the Third, Fifth and Eleventh districts on Thursday. County chairmen from the remaining districts, the Fourth, Ninth, Seventh and Twelfth, are to meet here on Friday.

MUCH LOSS IN WIND'S WAKE

Section Near Maysville is Heavily Hit in Monday Storm.

MANY BUILDINGS UNROOFED IN GALE

Grain Stripped from Oats Stalks and Other Crops Damaged.

A windstorm of sufficient velocity to strip the grain from a field of oats on the Ben Dorsey farm in Scioto township, leaving the bared stalks leveled to the ground, swept through the north-eastern portion of Allen county late Monday afternoon, leaving in its wake a trail of overturned and unroofed buildings, ruined crops and an immense prospect of damage and a great number of badly frightened citizens, but passed without personal injury or loss of life.

Springfield township was in the path of the wind-swept district and farm owners are now busy repairing the damage and looking over their crops, many of which are thought to be entirely destroyed. The storm was of short duration but the accompanying rain, the low hanging clouds and the terrific gale wrought havoc and created consternation among the residents of the district.

Kinsey a Heavy Loser. Edward Kinsey, of Springfield township, was the heaviest loser. The gale struck his dwelling with a force that shook it upon the foundations, the howling wind ripped the window glass from the frames and the rain swept in torrents through the entire house, flooding the floors. Chimneys were carried away by the wind.

The slate roof of the dwelling was partially destroyed and in addition to

Charges McAdoo Uses Revenue Cutter for His Week-End Parties

James W. Good.

Washington, July 14.—Secretary of the Treasury McAdoo, son-in-law of President Wilson, is likely to have his "private" yacht taken away from him. The reason is that the private yacht happens to be a public yacht, and, according to Representative Good of Iowa, cannot be used for sailing parties. Good charges that the revenue cutter Onondaga has been used for week-end trips by Secretary McAdoo in direct violation of the law.

"If the public had the power," he declares, "it would remove from office a secretary of the treasury who not only fails to enforce the law, but violates it himself."

HALF MILLION TO WIDOW; GOLD-HEADED CANE TO EACH SON

St. Louis, July 14.—The will of Martin L. Cleardy, former stock grossman and general solicitor for the Missouri Pacific railway, which was filed here today, leaves the entire estate estimated at \$500,000 to the widow, Mrs. Cleardy, and a gold-headed cane to each of her four sons.

DESERTED WIFE SEEKS DIVORCE

Mrs. John O. Druly Says He
Ran Away from Her and
Three Children.

Charging that her husband, John O. Druly, to whom she was wed in October, 1903, deserted her and their three children in October, 1910, and has since provided nothing toward their support, Myrtle D. Druly has brought suit in the superior court for divorce. She says since her husband went away she has had to support herself and the children, now aged 10, 9 and 6 years, by her own labor and efforts. Mrs. Druly resides in Abbot township and the husband is said to be now residing near Hart, Mich.

Paternity Charges Fall.
After spending two days hearing the evidence in the case of the state ex. rel. Vera M. Elser against Roy Hensel, on paternity charges, Special Judge John H. Aiken rendered a verdict for the defendant. The young man was able to prove to the satisfaction of the court that on occasions when his intimacies were charged he was in Chicago. This is said to be the first time that a judge has ever rendered a verdict of acquittal in a paternity case in this county.

Notes of the Courts.
A motion to dismiss has been entered in the circuit court by the plaintiff in the suit of W. W. Rockhill vs. Andrew J. Moynihan and the Fort Wayne Journal-Gazette company.

In the superior court Lillian Paul has sued Harry Seidel to foreclose a chattel mortgage, demanding \$300.
After a long and tedious trial in the superior court the jury returned a verdict for the defendant in the suit of George Jacobs vs. James Anderson to recover \$425 on a piano alleged to have been sold to the defendant.

Louis Bond and others doing business as Fox Brother & Co., have brought suit in the superior court against C. O. Taylor to recover \$410.07 worth of goods sold to the defendant and asking also for \$200 damages.

Nelson H. Whittier, as administrator of the estate of the late Lavinia N. Whittier, has sued Elizabeth Guenin and others in the superior court to recover \$1,400 on a note and foreclose a mortgage.

In the superior court Ray L. Ditzler has sued Edith I. and William H. Ham on account for \$80.

In the superior court Judge Yaple has granted a divorce to Florence Swisher from Amani Swisher.

The Leigner divorce suit is still on trial in the superior court and there is little abatement of attendance.

The suit of James B. White against Thomas M. Warner to foreclose a mortgage for \$7,500, is on trial in the circuit court before Hon. Edward O'Rourke, sitting as special judge.

ROY GETS SALOON LICENSE.

Remonstrance Against Edgerton Man is Held Insufficient.

The board of commissioners on Tuesday granted a saloon license to Clarence Roy, of Edgerton, against whom a blanket remonstrance had been filed. The fight against Roy seemed to flatten out at the critical point, the attorney for the remonstrants not being present. The commissioners found that the remonstrance bore less than a majority of the legal voters of Jackson township, held it to be insufficient and released Roy's license. The remonstrance was not brought into question. A large number of Jackson township people were present, the larger number of them being Roy's friends. Roy has the only saloon in the township and defeat of his application would have made the township dry.

DR. CARMAN IS FIRST WITNESS

Grand Jury at Minneola
Begins Probe Into Murder of Mrs. Bailey.

Minneola, N. Y., July 14.—The grand jury today took up the case of Mrs. Florence Carman, charged with the murder of Mrs. Louise Bailey, one of her husband's patients who was shot in his office on the night of June 30.

Dr. Carman was the first witness called. He was on the stand nearly two hours. As he left the grand jury room he refused to say anything about the nature of his testimony, but stated that he had not been asked to waive immunity as had been expected.

District Attorney Smith said he was satisfied with Dr. Carman's story and had changed his mind about asking him to sign a waiver of immunity. Dr. Carman and the district attorney refused to say whether Dr. Carman had in any important details altered the story which he told at the coroner's inquest. The chief point in this account was that his wife was upstairs when the shot that killed Mrs. Bailey was fired.

The search for the revolver with which Mrs. Bailey was shot led to the rumor that Carman would be asked to tell the grand jury what he knows of the murder and what knowledge he has, if any, of the missing weapon. Detectives yesterday in their hunt for the weapon, went over the route taken by Dr. Carman on the day following the murder.

Miss Ida Powell, a sister of Mrs. Carman, probably will be called before the grand jury. Mrs. Platt Conklin, mother of Mrs. Carman, is ill at the Carman home and it is feared she may not be able to testify.

While the grand jury was in session a statement was given out by Mrs. Carman through her attorney, George Levy. She said in part: "I ask that judgment be suspended until the entire truth in regard to the murder of poor Mrs. Bailey becomes known. I am satisfied that the truth will come out and when I am free Dr. Carman and myself will never rest until the assassin of Mrs. Bailey is found."

"This terrible punishment has been meted out to me for the suspicion I permitted to crowd out the love I hold for my husband. My little baby has been sent to the home of strangers. My mother is lying at the point of death. I am innocent and cannot understand why everything said about me has been so distorted. All I want is fair play. "Still, comfort is to be gleaned from my position, for my husband and I love each other more than ever before."

FARMER BOYS MAKE CAPTURE

Fred Clifford, Convict, Who
Leaped from Train, is
Retaken.

Lebanon, Ind., July 14.—Fred Clifford, aged 26, the escaped convict from the Frankfort (Ky.) reformatory who made a sensational get away from Gus Rogers, deputy warden here yesterday when he jumped from a Big Four train at the edge of the city, was captured today. Clifford is now in the charge of Sheriff McRoberts of Boone county.

The capture was effected by Jesse Troutman, Levi Worrell and Spike Robinson, three farmer boys, who will share the reward of \$200.
When the train reached Lebanon yesterday afternoon the prisoner, who was handcuffed to the officer, asked permission to go to the toilet. The officer unlocked the handcuff from his own wrist. When they were in the narrow room the prisoner struck the officer behind the ear with the handcuffs and broke through the door. The officer drew his revolver and shot the convict in the leg.

The prisoner ran through five coaches and as the train reached the outskirts of Lebanon jumped off the rear platform and escaped in a southerly direction.

The train carried the officer on to Indianapolis. He returned here on the first interurban car. The local police and a posse of men hunted for the escaped convict.
At the home of Dudley Wolfe, a short distance from where Clifford jumped from the train, the convict, on the plea that he was a hobo and had been ejected from the train, obtained an old coat and a hat from Mrs. Wolfe. When he showed his handcuffs and asked for a file Mrs. Wolfe refused to talk with him further. He was seen by two other persons at the southern edge of town. A reward of \$150 was offered for his capture and to this Deputy Warden Rogers added \$50 on his own responsibility.

The man's wife was with him on the train. He had been sentenced to prison for robbery.

THE DEATHS.

Gilmartin.—Funeral services for Edward Gilmartin will be held Thursday morning at 8:30 o'clock from the residence, 209 West Williams street, and at 9 o'clock from St. Patrick's Catholic church. Interment will be made at the Catholic cemetery and friends are kindly asked to omit flowers.

RUMOR OF DEATH DENIED.

Russian Mystic Lay Monk Has Not Succumbed to Wounds.

St. Petersburg, July 14.—The report that Gregory Rasputin, the mystic lay monk and adviser of the emperor of Russia, had died from the wound inflicted on him recently by a woman in Pskov, his native village, in Tobolsk, Siberia, was unfounded.
The monk was conveyed by steamer to Tyumen accompanied by the governor of the province, the bishop of Pskov, and a detachment of the Russian army.

TRUST BILLS HIT NEW SNAG

(Continued From Page 1.)

A clipping telling of the discharge of shop hands in Wilmington, Del., and the democratic senator retorted that his colleague might be more solicitous of those who had suffered in New Haven operations as disclosed in the interstate commerce commission's report.

Senator Thomas quoted from the late J. P. Morgan's will the words in which the dead financier committed "my soul to the hands of my maker."

"That will is a fitting companion piece to the commission's report," concluded Mr. Thomas.

Say Wilson Will Win.
Administration senators after a canvass today reported to the white house that President Wilson's nomination of Thomas D. Jones, of Chicago, to the federal reserve board would be confirmed by a majority ranging from 5 to 10.

There were no developments in the nomination of Paul M. Warburg, of New York. Indications were that the white house would not begin the fight for his confirmation until after Mr. Jones had been placed.

The fight on Jones was carried into the senate by Acting Chairman Hitchcock, of the banking committee, leading the opposition because of Mr. Jones' connection with the so-called zinc and harvest trusts. With administration supporters predicting a victory, the fight went on behind closed doors.

All Are Exonerated.
Exonerations of all senators concerned in the charge of misuse of official letter paper for promotion of a North Carolina gold mine is contained in the findings of an investigating committee which today completed its report. John Skelton Williams, comptroller of the currency, who figured in the investigation, as having sent a government expert to examine the mine, was also exonerated of any reprehensible conduct. The report holds that senators who bought stock in the mine did so as individuals and made no use of their official positions in promoting it.

Abandon Mileage Reform.
By a vote of 132 to 122 the house today abandoned its program of "mileage reform" and agreed with the senate to retain the present mileage allowance of twenty cents a mile each way, each senator for senators and representatives. The vote followed spirited debate in which charges of "mileage graft" were freely used. Democratic Leader Underwood and Republican Leader Mann both voted for the higher rate.

GERMAN PLAYERS COMING.

Kreutzer and Froitzheim to Play for Davis Tennis Trophy.
Berlin, July 14.—Oscar Kreutzer and Otto Froitzheim, the German lawn tennis players, will leave for the United States this week to represent Germany in the preliminaries of the tournament for the Dwight F. Davis international lawn tennis trophy.

The intervention of some prominent members of the German Lawn Tennis association who offered to pay the expenses brought about the change in the original decision not to send a German team.

AIRMEN STILL GOING UP.

German Aviator Reaches Height of Nearly 4½ Miles.
Leipzig, July 14.—A new world's record for altitude for an aeroplane was established here today by Heinrich Delrich, a German aviator, who rose in his biplane 7,500 metres or approximately 24,608 feet, nearly four and three-quarter miles.

The official world's record, 6,800 metres or approximately 22,309 feet, was set by a German aviator, July 13.

RACING TO GET AWAY BEFORE CRASH COMES

(Continued From Page 1.)

Lieut. Col. Izunza, commanding the Mexican federal troops at the gap, refused to discuss the possibility of Gen. Huerta being on the way to Vera Cruz. He said, however, that a construction train and a large force of laborers were at the Mexican end of the gap ready to begin the work of repairing the road, but that the Mexican government's permission to do this was still lacking. The Mexican commander said he believed the delay was due to an effort by the Mexican war department to obtain an agreement from the United States government that it would not make any military use of the road if it should be restored. The colonel, however, said he had no official information to that effect.

SWEEPING PACIFIC COAST.

Insurgents Victorious All Along the Western Line.

On Board U. S. S. California, Mazatlan, Mex., July 13. (Via Wireless to San Diego, Cal., July 14.)—The insurgents are sweeping the Pacific coast of Mexico. Evacuations, occupations, armistices and the exchange of prisoners are everywhere reported to Rear Admiral Howard, commanding the American Pacific fleet and the conditions are that within a week the federals will be in possession of only Mazatlan and Salina Cruz.

At Santa Rosalia, a mining port on the outer coast of Lower California, the federals and constitutionalists held a conference yesterday at which it was decided to bury the hatchet and make joint cause with Carranza. The same procedure is expected to take place at La Paz and other Lower California ports, while at Guaymas an armistice has been agreed on to expire at midnight, July 20.

ULTIMATUM TO RAIL CHIEFS

(Continued From Page 1.)

afternoon and no announcement of the result of the strike vote was made before the session, which was behind closed doors, convened. W. W. Trenholm, general manager of the Chicago, St. Paul, Minneapolis and Omaha railway, chairman of the managers' committee, and other members of the committee were present.

It was announced by W. S. Carter, for the employees, that the vote of the Brotherhood of Locomotive Engineers was 97.27 per cent in favor of a strike and that the vote of the Brotherhood of Locomotive Firemen and Enginemen was 99.2 per cent in favor of the strike.

BOILING SCALE ADJUSTED.

Iron Mill Workers Reach Agreement With Western Bar Association.

Pittsburg, July 14.—Announcement was made here today at the offices of the Amalgamated Association of Iron, Steel and Tin Workers that the boiling scale of the iron mill workers has been adjusted for a year with the Western Bar Iron association. The men are to receive an advance in the base rate of pay for puddling of 26 cents a ton. Under the new scale the base rate is made \$5.50 a ton on a one cent card, advancing ten on each point of advance in the average selling price of bar iron.

M. J. Cahill, representing the "Catholic Union" of Cleveland, O., is in the city on business.

MUCH LOSS IN WIND'S WAKE

(Continued From Page 1.)

the sheets of rain that were sweeping in through the windows there was a torrent from the damaged roof that created a short reign of terror in the household.

The heavy wind also attacked a big brick barn on the farm and carried away a portion of the slate roof and in addition took the entire roof from a frame barn adjoining. Flying fragments of slate were hurled through the air and all of the crops housed in the barns suffered heavily from the downpour.

Dorsey Silo Topped Over.
In addition to having the grain stripped from his oat crop Ben Dorsey sustained a big loss through damage to his corn and other crops which were leveled. Ripening fruit was shaken from the trees and the trees themselves practically wrecked by the wind.

On the old Rupert farm, which was recently purchased by Rufus Leigner a vacant dwelling was toppled over and partially demolished by the force of the wind.

Two miles northeast of Maysville on the farm of William Rebb a silo was blown down and the dwelling and barn badly damaged. William Ringwalt's barn was partially unroofed and at the old Beery place the entire roof was carried away.

James Webb's farm was in the path of the storm and his wagon shed was overturned and his fences are down in addition to the injury to growing crops and fruit.

In addition to the losses enumerated there were other farmers in the vicinity who suffered smaller losses. Corn and cats were especially hard hit. Much of the corn will be ruined owing to the fact that it was thrown down after it had grown to a height that will prevent the sun from straightening it up.

The terror that seized the families within the range of the storm was imparted to the live stock and horses, cattle and sheep roared about the pastures vainly seeking shelter but so far as can be learned none was destroyed.

Damage Runs High.

As Fort Wayne is attempting to recover from the damage done by the storm Monday, additional reports of loss will bring the total amount of damage done by lightning and wind to a high figure, which at this time it is impossible to correctly estimate. Crop damage is extensive, it is said by farmers on the city market Tuesday morning, and the high wind accompanying the rain and electricity laid low many fields of growing grain.

Lightning struck a barn on the farm of William Scott, sr., in Abbot township late Monday and burned the roof from the structure, leaving many tons of hay and bins of new grain exposed to the elements. The amount of damage was not reported, but it is covered by insurance.

Lightning also struck in several places about the farm of Samuel Lentz in Milan township. One of Mr. Lentz's cows was killed, but aside from that the damage there is comparatively slight.

In the City.

Aside from the cases reported Monday immediately after the storm, others continue to come in, and Tuesday morning it was said that Mrs. Pauline Prince, of South Wayne avenue, was knocked from a chair while sitting at a sewing machine. She was severely shocked and three fingers of her right hand were badly burned.

The chimney of the residence of C. C. Brown, 3919 South Wayne avenue, was hit by lightning during the storm and completely demolished. Members of the family were in the house at the time, but nobody was injured.

noon, during a period beginning Monday morning, amounted to 2.08 inches, an unusually hard rainfall for this season of the year.

While there is no especially cool weather in sight, Mr. Palmer says that the storm and rain served to break the backbone of the hot wave. He also says that the rain has nearly run its course and many of the cities included in the rain area Monday report fair weather Tuesday morning.

PROMISES GOOD BEHAVIOR.

Bread and Water Diet Effective in Case of Tennebaum.

New York, July 14.—A bread and water diet for thirteen hours and a cement floor for a bed yesterday brought promises of good behavior from Frank Tennebaum, the youthful Industrial Workers of the World leader, and today the prison authorities promised to end his stay in the solitary confinement cell on Blackwell's island.

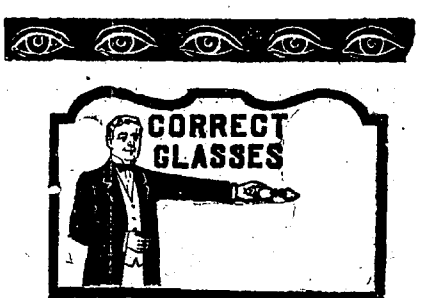

Tennebaum, who was sent to the island for raiding a church, was one of the ring leaders in the recent riots.

While the number of insurgents has decreased by about a score, more than 100 were still holding out today for "their rights." All of these remained in their cells. They include the leaders of the insurgents, all of whom are in solitary confinement.

BECOMES RECEIVING SHIP.

Famous Old Cruiser Brooklyn Is Sent to Boston.

Philadelphia, July 14.—The armored cruiser Brooklyn, which took a prominent part in the operations of Cuba in the Spanish American war, left the Philadelphia navy yard today for Boston, where the old fighter will become a receiving ship. It is the first time in seven years that the Brooklyn has put to sea, having been laid up at the navy yard since her return from the Jamestown fair.

WILLIAM S. CLARK
DIES AT 103 YEARS

Warsaw Man, Oldest Resident of Northern Indiana, Called to Rest After Long Illness.

Warsaw, Ind., July 14.—Death closed a life that had added three years to a century's span when William S. Clark, believed to have been the oldest man in Northern Indiana, succumbed at 10 o'clock last night to an illness that had endured several weeks. The aged man was in a marvelous state of health, considering his years, until the fatal illness seized him, and was seen much about the streets of this city, where he was known and esteemed by practically all of the people. He was a native of Faversham, England, and was born February

WILLIAM S. CLARK.
Centennarian, Whose Death Has Just Occurred at Warsaw.

1, 1811. In 1862 he came to the United States and took up his residence in Sullivan county, Ohio, where for many years he was engaged in business. There his wife died and he came to Warsaw to reside with his son, Fred S. Clark. He usually spent his winters in Crestline and Cleveland, Ohio, where his daughters reside, and it was his custom to make the journey to and from those cities unattended. A short time before he was taken ill he had returned from Cleveland alone. He was affectionately known here as "Father" Clark and his interest

and activity in church work was unabated until he was prostrated. Three daughters and one son, twenty-two grandchildren and fifty great grandchildren survive him.

NO CLUE TO BABE'S MURDERER.

Huntington, Ind., July 14.—That the mystery surrounding the finding of an infant's body in the Beck stone quarry east of Huntington Friday evening is little nearer solution than at the time of the discovery was the information given out by Coroner R. S. Galbreath today. Dr. Galbreath intimated that only one clue had been found and that it was not regarded as of much importance.

William Barcus, a Huntington boy interested in detective work, has taken it on himself to conduct an investigation of his own and his findings form about the only clue authorities have. Barcus found a piece of blood-stained cloth near the spot where the body was discovered.

DESERTER IS ARRESTED.

Van Wert, O., July 14.—Charles Hendershot, wanted by United States authorities on a charge of deserting from the army, was captured while loitering in front of the court house shortly after his arrival in town. He is being held a prisoner at the county jail. Hendershot disclaimed his identity when taken into custody, but later acknowledged that he is the man for whom the officers have been searching. He gave as his reason for desertion that he had tired of army life. Hendershot enlisted in September, 1912, and was assigned to Battery A, Fourth Field artillery. He took French leave of the command on April 13, last, while the battery was stationed at Texas City, Tex.

JURY FOR GYPSY CASES.

Goshen, Ind., July 14.—The Elkhart county jury commissioners, with County Clerk Charles A. Aitken, have drawn a venire of twenty-four jurymen, ordered to report to Judge Drake in the circuit court Monday morning, July 20, when the Mendes cases growing out of the gypsy battle fought at Harrison Centre camp Tuesday afternoon, June 30, are scheduled for trial. Antonio Mendes will first be tried on the charge of murdering Rosa, the wife of Eli Miller. It is doubtful if any of the other cases will be tried, although two indictments are pending against George Mendes and there is one case in which Nicholas Mendes is made defendant.

KICKED BY HORSE; BADLY HURT.

Auburn, Ind., July 14.—Kicked by a horse, Harold Varner, 11-year-old son of Mr. and Mrs. Jacob Varner, who reside four and one-half miles east of Auburn, is lying at death's door as a result of the injury. He is the third victim within a week who has been kicked by horses. J. Frank Timbrook, of Jackson township, dying from the injury; Fernman Hilkey, the 14-year-old son of Mr. and Mrs. H. H. Hilkey, of Jackson township, being the other two.

There is but little hope for the recovery of the boy. At the time he was playing with the horses in the stable and it is thought that the horse kicked in an attempt to keep the flies away.

GIVEN BIRTHDAY PARTY.

Garrett, Ind., July 14.—On Saturday evening a delightful surprise party was given at the home of Mr. and Mrs. J. S. Heffelfinger, in honor of Mr. Heffelfinger's forty-fifth birthday anniversary. The evening was spent with music and delicious refreshments were served. Those present were Mr. and Mrs. Albert Palmer, of Garrett; Mr. and Mrs. Bert Parker, of Mr. and Mrs. Ellis Duntun, of Huntington; Henry Rodenbeck, near Fort Wayne; Ed Freeman, Huntington; Carter Palmer, Goshen, and the Misses Lottie Klinger, of Huntington, and Ada, Lucille, Elsie and Evadne Heffelfinger, of Garrett.

PEACH HARVEST BEGINS.

Huntington, Ind., July 14.—The first of the Huntington county peach crop is ripe and soon will appear on the market in Huntington. The first peaches are white cling, known as July peaches. Lewis Shinkel, owner of the noted Shinkel fruit farm north of Huntington, has several hundred bushels, and the harvesting of this class of the peach crop will take many days. There are 100 trees of this sort of peach in the Shinkel orchard. The peach crop this year will be heavy, says Mr. Shinkel.

GRAND LARCENY CHARGED.

Montpelier, O., July 14.—John Prodan, 21, a foreigner, was arrested Sunday evening near the depot here on a charge of stealing a lady's handbag belonging to Mrs. George Lorg, residing near Edon, containing \$21.28 in cash and a \$300 deposit check and two ladies' gold watches. Prodan was working for Mark Varner on a farm southwest of Edon. Mr. and Mrs. Long came to Varner's to spend the day and left the handbag in the buggy. After dinner the horse and Prodan were missing.

PLYMOUTH HAS A FIRE.

Plymouth, Ind., July 14.—Fire that probably caught from a brush fire partially destroyed the residence of E. H. Bissell, on Madison street, and water completed the wreck of the building. The fire had been burning for some time before it was discovered by one of the neighbors. The Bissell family was indoors and was all unconscious of the fire until a warning call had been given by the neighbors.

SPONTANEOUS COMBUSTION.

Auburn, Ind., July 14.—Spontaneous combustion is thought to be the cause of a fire that destroyed a barn and its contents, two horses, a granary, a corn crib and a chicken coop on the James Provines farm, about a mile and a half east of Auburn. It is thought the loss

THE SENTINEL'S DAILY SCRIPTURE READING.

Acts 22:1-15.

1 Men, brethren, and fathers, hear ye my defence which I make now unto you.

2 (And when they heard that he spake in the Hebrew tongue to them, they kept the more silence: and he saith,)

3 I am verily a man which am a Jew, born in Tarsus, a city in Cilicia, yet brought up in this city at the feet of Gamaliel, and taught according to the perfect manner of the law of the fathers, and was zealous toward God, as ye all are this day.

4 And I persecuted this way unto the death, binding and delivering into prisons both men and women.

5 As also the high priest doth bear me witness, and all the estate of the elders: from whom also I received letters unto the brethren, and went to Damascus, to bring them which were there bound unto Jerusalem, for to be punished.

6 And it came to pass, that, as I made my journey, and was come nigh unto Damascus about noon, suddenly there shone from heaven a great light round about me.

7 And I fell unto the ground, and heard a voice saying unto me, Saul, Saul, why persecutest thou me?

8 And I answered, Who art thou, Lord? And he said unto me, I am Jesus of Nazareth, whom thou persecutest.

9 And they that were with me saw indeed the light, and were afraid; but they heard not the voice of him that spake to me.

10 And I said, What shall I do, Lord? And the Lord said unto me, Arise, and go into Damascus; and there it shall be told thee of all things which are appointed for thee to do.

11 And when I could not see for the glory of that light, being led by the hand of them that were with me, I came into Damascus.

12 And one Ananias, a devout man according to the law, having a good report of all the Jews which dwell there,

13 Came unto me, and stood, and said unto me, Brother Saul, receive thy sight. And the same hour I looked up upon him.

14 And he said, The God of our fathers hath chosen thee, that thou shouldst know his will, and see that Just One, and shouldst hear the voice of his mouth.

15 For thou shalt be his witness unto all men of what thou hast seen and heard.

Uncle Sam and the Filipino

Uncle Sam's newest attempt to solve the problem of his "little brown brother," the Filipino, is incorporated in the bill which has just been submitted to the house by Representative Jones, of Virginia, and it comes with particular interest by reason of reports of recent unrest in the islands. Returning Americans say that the Filipino interpreted the election of Mr. Wilson to the presidency, as foreshadowing immediate independence of the islands, because they believed that to have been the supreme issue on which the last presidential campaign in the United States was waged.

Dismissing the possibility that such grotesque misapprehension as this may be taken to indicate that the Filipino is not yet capable of a grasp of governmental affairs that would make his independence either safe or advisable, the Jones bill is plainly a step toward ultimate independence. It gives him a greater degree of freedom and paves the way to further expansion that may demonstrate capability for self-government. Briefly, the new bill would provide for the abolition of the present Philippine commission as such, and the substitution thereof of a senate, the members of which representing Christian provinces shall be elected by popular vote. The non-Christian tribes are to be represented in the legislature by two senators and nine representatives appointed by the governor-general who is also to appoint the heads of executive departments. The only officials to be appointed by the president are the governor-general and the members of the supreme court. The governor-general is given a limited power of veto over the acts of the legislature but the president would have the power of absolute veto.

The legislature, both branches of which are to be elective, with the exception of members representing the non-Christian territory, is given authority to legislate as to all of affairs of the islands, except that it can not pass any law affecting the trade relations with the United States and can not pass any tariff or currency act, nor any act disposing of public lands, timber or mining rights without first securing presidential approval. As an additional safeguard and in the interest of the Philippine people, the right of congress to annul any act of the Philippine legislature is expressly reserved.

That eventual independence is in store for the Filipino is not to be doubted, but the new bill, if it is enacted into law, will doubtless constitute the full limit of progress warranted by prudence and safety at the present stage of Filipino training and advancement toward self-government.

With requests from the board of works for appropriations for city improvements totalling a sum in excess of available balance remaining in the general fund after salaries for the year are taken care of, City Comptroller Baade will be called upon to display some diplomatic finesse in financing in order to keep everybody placated. By all means let popular demand for street paving be met as far as it possible to do so. The purchase of a city hall annex is no doubt highly desirable, and it will have to be done sooner or later. The taxpayer who is supplying the money, however, may very reasonably expect the street improvements, which are badly needed, be given right of way as against any addition to the city hall property.

Very naturally, in the height of the summer season, the city crematory is again overtaxed just as it has been overtaxed during the heated months for a good many years, and precisely as it will continue to be overtaxed until some of the annual talk of a modern reduction plant of adequate capacity is translated into definite accomplishment to provide it.

THE DAVENPORTS, NOTED RIDERS WITH BARNUM & BAILEY CIRCUS.

It will be here next Saturday, July 18th, boys and girls, and by "it," reference is of course made to the regular arena and Bailey circus which is headed this way. A real circus with all the trimmings and furbelows is promised by the management, a circus that would make old P. T. B. himself, turn green with envy were he alive to see it. There will be no looping-the-loops or soul shattering acts, but an up-to-the-minute circus, with lots of color, a myriad of new features, and as an added attraction to all the wonders, to be displayed in the rings, upon the stages and the hippodrome oval, a gorgeous and entrancing spectacle of Kaleidoscopic splendor based upon a fairy romance and entitled "The Wizard Prince of Arabia." It is far and away the most pretentious thing ever attempted by the circus and calls for a cast of over 1,000 people, together with a large ballet. The entire resources of the circus in people, horses, camels and elephants are utilized in this wordless play telling of the love and adventure of Prince Abdallah of Arabia, who woos and wins the hand of the Princess Ahloo Saar in the magic city of King Babar, her father. The costumes, trappings and accessories present a perfect riot of color and money has been spent like water for this feature of the circus which is offered in addition to the regular arena program. This production precedes the circus numbers in which over 300 artists participate, many of them making their initial appearances here.

The very artistry of circus talent has been enlisted and among the performers are names that are generations old in the realms of "sawdust and spangles" both here and abroad. Arena experts from over a score of different countries will engage in spirited and friendly rivalry. Among the riders will be seen Bradna and Derrick, the Davenport's and the Ducan-der's. The Siegrist-Silbon's and the Ernstson's are stars among the aerialists. Novelty numbers will be offered by the DeKoes the Berne Brothers, the Silvas, Bird Millman, the Les Jards, the Bakers and many others. The Ching Ling He and Tai Pen Chinese troupes are new this year, as is Signor Baglioughi, the Italian mid-gut rider. The elephants will tango and dance the hesitation waltz and clowns will be thicker than huckleberries in August. The performances will be given in the largest tent ever erected and there will be a street parade the morning of show day.

A WRONG RESTRAINT.

(Pittsburg Dispatch.)

There is a tendency among ultra-zealous reformers to prohibit by law men who are engaged in other business from having active management of banks. The Michigan banking commissioner has recommended the enactment of such a law. The objection of the senate committee to the confirmation of Warburg and Jones are akin to that view, though based on different facts.

The proposition is too rigid, and is moreover based on a wrong principle. The laws providing penalties for undue loans, and prohibiting exceptional favors to people having influence in banks, should be rigidly enforced. But the strength of banks has heretofore been in inducing a number of successful business men to engage in their active management. If a business man becomes interested in a bank and uses the funds for the support of his business beyond the limits of good banking, let him go to prison. But to prevent him from running both businesses within the limits of safety would not only be asserting a wrong principle, but would greatly hamper the usefulness of many banks.

In the case of the smaller banks a man who has a lumber yard or store might be very useful as a banker. He is entitled to continue active in both lines so long as he does so within the limits of good banking. But if he goes beyond those limits, punishment should follow.

PARENTAL RESPONSIBILITY.

(Detroit Journal.)

The most absurd and unpleasant hobby that ever blocked the way of education was attacked when speakers before the National Educational association denounced "sex hygiene" teaching, with many interruptions of unanimous applause.

The long-suffering teachers of the big cities have been willing to do many things for the little ones besides teaching them. They are sometimes washed in school, and even given food, and the boards of education look after their health and their teeth. The teachers conduct children's savings banks and advise them in their reading and help to settle their disputes with playmates.

All these things belong to the child-life, the dependent life. But how can a mere curriculum direct a teacher to break into that impressionable mind with the vital knowledge which may consecrate that growing life or ruin it?

So long as parents neglect to teach their children and govern them, not only in sex matters, but in other matters of right and wrong, we shall continue to have delinquents, we shall continue to be plagued with gangs, we shall see immature boys and girls blighted physically and morally.

Let the teacher drop the burdens that do not belong to him, let the family be forced to carry the burdens that do belong to it, and we shall never hear again about the need of sex-hygiene in schools.

HOW ENGLISH BEAUTIES KEEP THEIR YOUTHFUL.

Christian Miller, F. C. L., noted English health expert, attributes the early aging of American women mainly to the "national nervousness." The women of England, she says, can teach us the invaluable lesson of repose.

Another valuable lesson to be learned from the English woman is that she does not go much for cosmetics, the continual use of which must ruin any complexion. The beauty devotees of King George's realm have the mercurized wax habit, a more wholesome method of keeping the face girlish looking and healthy. (Ordinary mercurized wax, used like cold cream, rejuvenates the worst complexion. Women here may easily acquire the habit, this wax being obtainable at drug stores generally in the United States and Canada. It is applied at night and washed off in the morning. One ounce is sufficient to completely renovate a bad complexion. It is a regular feature in keeping the face free from the ravages of heat and dust.)

COMMITTEE TAKES UP HOT CHARGES

Sensational Report on New Haven Management is Considered.

Washington, July 14.—With its unmeasured denunciation of the "maladministration" of New Haven financial affairs and "criminal negligence" of directors, the interstate commerce commission's sensational report on its investigation of the New England railroad lines was today before the senate committee working to frame legislation for control of railroad financing, interlocking directorates and other subjects concerned in the investigation.

Administration supporters declared that many of the recommendations of the commission agreed perfectly with portions of President Wilson's trust legislation program.

The next step in New Haven affairs, however, was expected from the department of justice. Apart from alleged violations of laws of states and liability of the New Haven's directors, over which Attorney General McReynolds has said the federal statutes have no control, the department was concerned chiefly in the commission's findings that all the acts characterized as "corrupt and unlawful" were for the purpose of setting up a monopoly in violation of the federal statutes. The department of justice has taken that view in its dissolution suit against the New Haven system, which probably will be filed within the next few days, unless the railroad officials reverse their attitude and accept the terms of peaceful dissolution.

The possibility of any criminal acts being in violation of federal laws was being considered by the department, but that phase of the case is apart from the dissolution proceedings.

MORGAN DENIES CHARGE.

Says Examiners Were Given Full Access to Firm's Books.

New York, July 14.—While J. P. Morgan & Co. consistently refused to discuss the report of the interstate commerce commission, severely censuring the directors under the administration of Charles S. Mellen for "reckless and profligate" financial operations, estimated to have cost stockholders from \$65,000,000 to \$90,000,000, J. P. Morgan himself denies the charge that the commission's examiners were not accorded full access to the firm's books bearing on the New Haven. Correspondence made public at Washington told of Commissioner McChord's directing the chief examiner to cease the work as it "was useless."

Late last night Mr. Morgan issued this statement in reply:

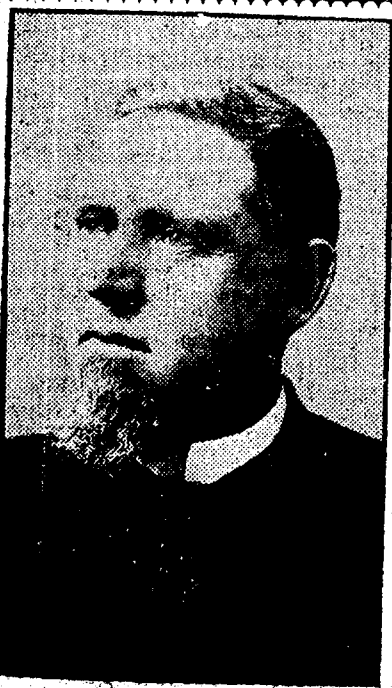

"The information with regard to the withdrawal of the interstate commerce commission's examiners from the examination of the books of our firm is the first intimation that I have had that they have been recalled.

"The New Haven situation is now out of the hands of the interstate commerce commission and what action, if any, is taken on the recommendations that the directors be prosecuted, lies with the department of justice and the district attorneys in the states in which the system has lines. Prosecuting attorneys at New York, Boston, Hartford, New Haven, New London and other points had received no copies of the evidence today. It is understood, however, that copies will be received. District Attorney Whitman, who has been in Newport, was expected here today.

Directors and former directors of the road generally have refused to discuss the commission's report. Mr. Mellen, however, under whose administration the alleged acts complained of were committed, branded it as a "report of a political tribunal made for political purposes." The full board of the present New Haven directors is to meet in New York on Thursday. At that time some statement bearing on the charges may be issued.

Mr. Mellen's counsel, J. W. H. Crim, has issued a statement defending Mellen's actions. He said that Mellen's private fortune when he took charge of the New Haven was a million dollars. Now, he added, it was far less than that. He added that if the government or the stockholders began action against the directors of the New Haven railroad, as suggested by the commission, the directors would retaliate with what he termed an affirmative action in which the other action would be nullified and much to the credit of Mr. Mellen and the directors would be established.

LAWYER DEFENDS MOTHER IN COURT

Sabbath Desecration Cases Prosecuted in City Tribunal.

Several elements of the unusual figured in the prosecution of two cases of Sabbath desecration that held the attention of the city court for two hours Tuesday morning. Mrs. Hannah Frankenstein, who conducts a small confectionery and delicatessen store at 1321 Wells street, was one of the persons accused, and she was defended by her son, Solomon K. Frankenstein, a young lawyer who has just entered upon practice. It was shown by the testimony that the attorney for the defense was also the salesman by whom the alleged illegal transaction was actually conducted. In the other case a woman, Mrs. Frank K. Rosenthal, 379 Run avenue and Wagner streets, was shown to be the proprietor of the store where a Sunday sale was made, though it was her husband, who is employed in a clothing store down town, who was accused and prosecuted. The suits were brought at the instance of the Retail Grocers' association and William A. Turnbull, a meat cutter, were the prosecuting witnesses. Lichtsinn and Turnbull went to both stores last Sunday and made purchases for the purpose of filing affidavits. The sales were not denied by the defendants. Rosenthal's defense was that in selling groceries he was not following his usual avocation. In the case of Mrs. Frankenstein it was contended that Sunday sales were made in response to human necessities. Judge Kerr fined each defendant the minimum of \$1. Attorney Frankenstein at once moved an appeal in both cases and furnished bond to carry the cases to the circuit court.

"King of the Hoboes" Subdued.
When Officer Madden arrested Edward Kelly Tuesday night for being beastly drunk, he informed the officer that he was "king of the hoboes" and that if the police of Fort Wayne tried to "pull any rough stuff" with him he would lead his gang into town and make a clean-up. In court "King" Edward was as meek as a sick kitten, denied that he was strong in his talk or anything else but his breath and set up as a victim in the evidence one withered. He begged hard for release, but went over for eleven days.

Promised to Get Married.
A young man booked as Art Jones and a young woman written down as Helen Miller, were charged with specific immorality. They pleaded guilty and the case was continued under \$25 bond to give them a chance to make good their promise to go right out and get married. They had been living together for several months and the police Monday night took them in.

Were Drunk on the Track.
Frank Davis and Arthur Bannan, two husky negroes, were found drunk and asleep on the Nickel Plate tracks at Fry street and were arrested by Officer Pattee. It was shown by testimony that earlier in the day they had been in the company of Robert Smith, a negro who was run over by a train on the Nickel Plate just west of Harrison street Monday night and who died in St. Joseph hospital Tuesday morning. The negroes denied that they knew Smith or had been with him, but the testimony was conclusive. Judge Kerr fined Davis and Bannan \$1 and costs each and they went to jail.

Other City Court Cases.
The two train climbers, Keegan and Meata, brought in by Pennsylvania special officers, were turned loose. Both told good stories and it was evident that any offense they had committed by trespassing on the railroad was not in Allen county.

Joseph Long pleaded guilty to assault and battery on Fred Streser, but the case was continued indefinitely when it was shown the complaining witness was one of a gang of boys who had been annoying the defendant and his family at their home in Bloomington.

Tom Ball, charged with drunkenness, was turned loose, and Luther Jones, another source, went along with him. William Mackey, who claims Poe as his home, pleaded guilty to drunkenness and went over for eleven days because the court thought he needed a succession of treatments with the hose. His bodily filth was startling.

An officer from Bluffton came in Tuesday morning and returned to that city with H. G. Spencer, who was arrested Monday evening by Detective Sergeant Peter Junk on a warrant charging petit larceny. Spencer is said to have stolen \$5 from a Wells county woman from whom he took an order to enlarge a picture.

ANTWERP NEWS.

Mr. and Mrs. William Kiser, of Battaville, Ohio, came Saturday for a visit with her mother, Mrs. Alice Myers and family at this place.

Joshua Keemerer, a pioneer resident, and one of the wealthiest men in this vicinity, has been acting peculiar of late and got into the habit of wandering around alone and his children, fearing for his safety, had him adjudged insane Monday and he was taken to the North-western hospital at Toledo by Sheriff Zuber, accompanied by Thos. Foster.

Charley Hann, who lately sold his farm north of the river, had invested in land near Okamulgee, Okla.

Mrs. John Sauerwine and baby Marie, of Paulding, were over the Sabbath visitors at this place, the guests of Mrs. T. C. Banks and family.

Mrs. Frank Bihman and daughter, Gale, were passengers to Woodburn Sunday, where they spent the day the guests of her brother, Ora Rumbaugh and family.

Mrs. C. E. English, who has been visiting Mr. and Mrs. Frank Snyder and family, and other relatives at Hicksville the past week, returned to her home at Fort Wayne Sunday. She was accompanied by her son, who is a student at the University of Chicago.

SOCIETY

The hostesses at the Country club on Wednesday afternoon will be Mrs. John Hoffman, Mrs. George Evans, Mrs. Edmund Miller, Mrs. Henry Miller, Mrs. Walter Barrett, Mrs. Robert Fox, Mrs. W. E. Doud, Mrs. Ben Lehman, Mrs. Theodore Frank, Miss Ethel Doud.

A very cleverly arranged surprise party of a few intimate friends of Mrs. Sam Wolf, on Monday, was a reminder that she had had a birth anniversary July 7, that had not been considered by her friends with all the ceremony they thought was due. Mrs. Wolf was invited to drive to the Country club yesterday in company with her mother, Mrs. Wertheimer, of Ligonier, who is visiting here, and Mrs. E. J. Fisher called at the appointed hour to take both ladies in her motor car. While Mrs. Wolf was donning her hat other friends arrived and stole into the house. There had also been arrangements for things to eat and drink and the company had about as merry a time as could be imagined. Mrs. Margaret S. Olds engineered the affair, with the co-operation of the others.

Mrs. Henry Hitzeman has arrived from Detroit, Mich., after remaining six weeks there with relatives. A sister of Mrs. Hitzeman, Mrs. Brannick, accompanied her home for a visit here.

Mrs. Nelson Preston, of LaGrange, is spending a few days with her cousin, Mrs. Anderson, of 2712 Fox avenue.

Mr. and Mrs. Pennington were pleasantly surprised by the choir boys of Trinity German Lutheran church, on Saturday afternoon at their cottage at Lake James. The choir members are spending the week at the Wefel cottage, at the same resort and after contributing several vocal numbers and partaking of refreshments which Mr. and Mrs. Pennington served, returned to their cottage, pleased with the success of their visit.

Mrs. Jesse A. Greene and son, Campbell, leave tonight for Port Lake, Mich., where they have a summer cottage and will remain the rest of the season. Mr. Greene will join his family for his vacation.

Miss Pauline Saylor, of Nelson street, has returned from an outing and visit at Lake Wawasee.

Mrs. C. G. Guild and daughter, Marion, have returned from a visit at Clear Lake with Mrs. James B. White, and will be the guests of Mr. and Mrs. Harry A. Perfect for a week.

Mrs. E. W. Moreland and daughter, Ruth, of California avenue, are visiting friends in Indianapolis for two weeks.

Walter G. Massey leaves this evening for Watertown, N. Y., where Mrs. Massey and son, Lance, have been for several weeks with relatives.

Mr. and Mrs. Albert S. Schele have gone to Detroit for a week's visit.

George Fowler, of Washington, D. C., is expected in the city on Thursday and will be accompanied by Mead Spencer, of Richmond, Va., Mr. Fowler and his daughter, Miss Fowler, and granddaughters, Florence and Louise Pickard and their cousin, Artemis.

Stork to Visit Connaught House

Princess Alexandra

London, July 14.—England's royal ladies never fail to do their duty to the camera, so no one was surprised when the rumor was whispered about that Princess Alexandra, of Connaught, is expecting a visit from the stork.

Before her marriage the princess was the Duchess of Fife and her marriage to Prince Arthur was one of the brilliant social events of a year ago.

Mr. and Mrs. Edward L. Gainsburg, of New York city, have returned here after a visit with Mrs. Gainsburg's parents, Dr. and Mrs. J. S. McCurdy.

Miss Anna Pelvig, of Third street, gave a picnic on Saturday afternoon in Swinney park for her junior piano pupils. Miss Vivian Withers assisted. The guests were Ruth and Frances Witzgreuter, Hazel Casbeer, Frieda Stalf, Esther Fredericks, Fern Maden, Rosella Klinger, Marie Boxburger, Mildred Schlachter, Rose Pelvig, Roland and Dean Rhinehard and Harold Robbins.

Mrs. C. E. Christensen is chaperoning a company of young women at Lake James. They are Misses Gladys Schust, G. Lakey, Helen Clark, Ethel Algeier, Elsie Josse, Alice Thomas, Hazel Miller, Grace Christensen.

Miss Charlotte McKinnin has returned from a few days' visit at Rome City with Miss Marie Centlivre.

Misses Mary and Irma Hutzell left on Monday for Detroit, Buffalo, Niagara Falls, a trip up the Hudson and a visit with relatives in Philadelphia.

Mr. and Mrs. Thomas Lau and daughter, Helen, and Miss Evelyn Cerrita have returned from an extensive eastern trip.

Miss Salisbury, of Baltimore, Md., is coming soon to visit Miss Phyllis Randall, at Rome City.

Mrs. Augusta H. Viberg, of Lafayette street, is entertaining her daughter and son-in-law, Mr. and Mrs. Robert Riley, of Pittsburgh.

Miss Edith Tegtmeyer has returned from a two weeks' visit in Toledo and Detroit.

Mrs. D. N. Harding and Mrs. Sophie Hulse have returned from an outing of a fortnight at Lake James.

Mrs. Cornel Morgenthaler and son, Cornel, will go to Clear Lake Wednesday for a stay of four weeks at Hazelhurst. Mr. Morgenthaler will spend the week-ends and his vacation with his family.

Dick Erwin and Wallace Reitze are enjoying camping out at Lake City, Mich., all the month of July.

Miss Elizabeth Seales, of Indianapolis, who is visiting Mr. and Mrs. J. Fox, of John street, will go to Huntington on Wednesday to visit friends and relatives there.

Miss Helen Lane, of Lafayette street, is the guest of college friends in Indianapolis at a sorority house party.

Miss Maude Geake, of Elgin, Ill., and her guest, Miss Daup, of Winona, Minn., were honor guests at a dinner party at the Anthony hotel last evening.

After the dinner party they visited moving picture houses and spent a merry hour or two. In the company were Miss Katherine Williams, Miss Carrie Ferguson, Miss Anna Danahy, Miss Pauline Lesser, Miss Mary Fry, Miss Katherine Erwig. Both visiting ladies are on their way to New York city.

Miss Margaret V. Hamilton returned to Aurora today after a few days' visit here with relatives.

Miss Ida Orff, of New York city, is visiting her sister, Miss Ella Orff and their mother, of West Creighton avenue.

Mr. and Mrs. Ben Heaton and son and Mrs. W. F. Reitze are to leave on Saturday for Eagle Lake, where they have a cottage, for the rest of the summer. The trip to the lake will be made by automobile and after leaving Mrs. Reitze and her grandson there, Mr. and Mrs. Heaton will go on to Chicago, where Mr. Heaton will attend a lawyers' convention to be held in that city next week. Mrs. Reitze will not remain all summer.

Kuhn-Hartle

The marriage of Miss Lora Hartle, of this city, to Mr. William H. Kuhn, of Kosciusko county, took place in Fort Wayne on Monday afternoon. Justice M. Tancey officiating. Mr. and Mrs. Kuhn will live in Kosciusko county.

AT THE LYRIC.

Who is Thaviu?

This question is best answered by the statement of Kith Vawter, general manager of the Redpath-Vawter Chautauqua system:

"Thaviu is a little bundle of nerves, energy and genius. The whole country has been searched over in an effort to find a better band than Thaviu's for Chautauqua. The search was unavailing. So Thaviu is coming back. The music market prompted it; the people insistently demanded it, and the management is glad to be in a position to satisfy the demand. Last season it was conceded on all hands that the band was far and away stronger in every respect than it was the year before. In fact it was thought the limit had been reached. But there is yet another surprise coming. We say it softly but we mean what we say."

"Thaviu is very generous. For an appreciative audience he abounds in encores. He is here to play and has no end of material. From the sublimest musical conceptions to the latest catchy fancy, he is there with the goods all the time."

"There is nothing superior to Thaviu's band in Chautauqua programs." Thaviu band and grand opera singers come to the Majestic Thursday and Friday.

NAMED TO SUCCEED KEEGAN.

Indianapolis, Ind., July 14.—Announcement was made here today of the appointment of Theodore H. Dammeyer, of Indianapolis, to succeed John J. Keegan, who resigned as clerk of the state building and loan association department. It also was announced that Meredith Bruce, of Lawrenceburg, has been appointed deputy in the state insurance department to succeed James H. McKee.

Study Canning to Lower Living Cost

Dekalb, Ill., July 14.—Preserving kettles will take the place of books, gas ranges will be used instead of black boards, and matrons instead of school girls will make up the classes when the club women of Illinois attend one of the most unique schools in the country—the special canning and preserving course of the Illinois state normal school.

Mrs. F. A. Dow, president of the Illinois Federation of Women's clubs, has arranged the classes and they will be instructed by O. H. Benson, of the United States Agricultural department. The "canning school" will last a week and then the club women will return to their several communities and present the course to the school girls of that neighborhood. The school is part of the club women's campaign against the high cost of living.

WOMEN MEET A FLAT REFUSAL

Democrats on Rule Committee Balk at Date for Suffrage Bill.

Washington, July 14.—The deputations of 200 women which went to the capitol yesterday to urge the members of the rules committee to report out the special rule allotting time for the consideration of their suffrage measure met with a flat refusal from the three democratic members now in the city. Neither Representatives Foster of Illinois nor Garrett of Tennessee would sign the petition presented to them by Representative Mondell, who acted as spokesman for the deputation.

Cites "Gentlemen's Agreement." Acting Chairman Pou of North Carolina declared that a "gentlemen's agreement" among the democratic members prevented him from taking the desired action.

The deputation was met in the rotunda of the capitol by Representatives Leavitt of Wisconsin and Kelly of Pennsylvania, and joined later by Representative Campbell of Kansas, all of whom signed the petition urging Mr. Pou to call a meeting of the committee. They were unanimous in declaring, however, that they were powerless in view of the decision of the democratic members, which Mr. Campbell declared, reflected the opposition of the majority party to a discussion of the suffrage question.

Sees Democratic Losers.

"I am much distressed over the attitude shown by the democratic party through the rules committee, which it controls," said Mrs. W. F. Hancock, president of the district section of the National Women's Democratic league, as she left the capitol. "I personally feel that it is unlikely that the democratic party will continue to receive the support previously accorded to it by countless women if it persists in its present most unsatisfactory attitude toward suffrage."

PILOT'S TRIAL IS BEGUN.

Official Inquiry Into Sinking of River Steamer Majestic.

St. Louis, July 14.—The trial of S. E. Withrow, of Winona, Minn., pilot of the steamer Majestic of the Wishard line, which sank in the Mississippi river ten minutes after colliding with a submerged part of the St. Louis waterworks on June 20, was scheduled to begin behind closed doors here today.

The boat sank at midnight, an hour after putting ashore at Alton, Ill., 900 girls who had attended a telephone operators' moonlight excursion. Three members of the crew were drowned in the accident.

Withrow will be tried by local United States Steamboat Inspectors R. V. Downs and George Bower, who have preferred charges against him of carelessness, neglect of duty and unskillful handling of the boat.

HOUSEHOLD HELPS.

To prevent the skin from discoloring after a fall or a blow, take a little dry starch, moisten it with cold water, and lay it on the injured part.

It is a good plan to pepper a carpet thickly just where any heavy piece of furniture has to rest on it, as this helps to keep months, etc., away.

To clean glass toilet bottles, put a little vinegar and salt into the bottle, allow to stand for 2 hours and then rinse out in clear warm water.

AMERICAN WOMEN WHO ARE WIVES OF THE GREAT.

Mrs. John W. Kern

Although she is one of the most popular hostesses in Washington, society has small attraction for Mrs. John W. Kern, wife of Senator Kern, of Indiana.

The Kern farm, a tract of 1,600 acres, lies between the Blue Ridge and the

oke, Va. There are 250 acres under cultivation.

Mounted on her horse, Mrs. Kern rides miles every day inspecting her farm, and personally supervising the sowing and harvesting of her crops.

cattle farm, conducted by efficient and up-to-date methods.

"When we decided, soon after my husband took his seat in the senate, to have a home there, I entered upon one of the most thrilling and delightful adventures that may befall a woman—that of housebuilding," says Mrs. Kern. "I was my own architect and contractor, which added to the fun of it. My carpenters were sturdy mountaineers with an instinctive sense of the beauty of line and proportion that go to making of the ideal house. We installed a sawmill on the place and saved our own lumber. Also we quarried our own stone from our own mountainside. The result was a house that was not expensive, but perfectly suited to the needs of country life."

FRANCHISE WILL NOT BE RATIFIED

Council Will Turn Down the Contract for Double Tracking.

The contract entered into by the board of public works and the Fort Wayne & Northern Indiana Traction company, by which a franchise was granted the company to construct a double track on Calhoun street from Creighton avenue to Pontiac street, will not be ratified by the city council at its meeting Tuesday evening, unless all the indications are wrong. Property owners who want to be reimbursed for the cost of paving that part of the street that the traction company now wants to occupy with its tracks are remonstrating because the franchise does not provide for such reimbursement and it is probable the council will reject the contract. It is also objected that there is no provision made for the street car company paying for the expense of setting back the curbs, widening the street and paving the additional width at any time the city may decide to increase the driveways. It is pointed out that the traction company paid property owners a prorated cost of pavement on Lewis street and on Clinton street when the loop was built and reimbursed the property owners for the part of the pavement taken on Pontiac street, besides the cost of widening that thoroughfare when tracks were laid upon it. The council has no authority to alter the franchise, but can simply approve or reject it. The board of works will have to make any changes desired and if the franchise is sent back rejected it will have to go through the usual procedure again. Mayor Hoesy believes the contract should embody a provision that the property owners be reimbursed by the street car company for the pavement taken and also that the company shall be bound to bear the cost of widening the street whenever that measure is deemed necessary. The street car company is responsible for but seven feet of the width of the street with a single track, whereas a double track will make it responsible for about seventeen feet.

ELKS' BAND AT LAWTON PARK.

Only Time the Organization Will Play in City Concert at This Park.

The municipal concert at Lawton park tonight from 8 to 10 o'clock will be given by the Elks' band under John L. Verveire, director. Ray Shreve will be heard in ragtime songs and Director Verveire will play his new cornet solo, "King Carnival." This is the only time the Elks' band will be at Lawton park for a municipal concert this summer. The following is the program: March—"Naval Brigade".....H. Clark Overture—"Poet and Peasant".....Suppe Operatic Potpourri—"Broadway Review".....Lampe Cornet Solo—"King Carnival".....B. Kryl John L. Verveire. Barcarolle Waltz on "Tales of Hoffman".....Offenbach Selection from "Atila".....Verdi Rag Songs.....Ray Shreve. Selection from "The Red Widow".....Bristle Intermezzo—"Eleanor".....

WILL ASK FOR APPROPRIATIONS.

Comptroller to Ask Council for \$54,500 From General Fund.

City Comptroller Baade will send to the city council Tuesday evening a request for the appropriation of a total sum of \$54,500 from the general fund to be distributed in various sums to the new streets, street repair, sewer repair, public lights, public buildings and grounds, city hall and advertising and printing accounts. These appropriations are asked for by the board of works and the ordinances making the appropriations will go along with the comptroller's request. The largest item, \$15,500, is for street paving intersections. After canvassing the state of the general fund and probable contingencies for future drafts upon, Comptroller Baade decided the money could be spared. There is in the general fund now something in excess of \$100,000.

In the communication sent to the comptroller Tuesday morning the board makes request for the following appropriations:

Sewer repair account.....\$5,000
Street maintenance and repairs.....5,000
Advertising and printing.....1,000
City hall account.....1,000
Public grounds and buildings.....16,000
Public lights account.....12,000
New street account.....15,000

The board states to the comptroller the demand for money for sewer repairs and maintenance is in part due to the fact that the council last year appropriated only \$3,800 to that fund, whereas the board of works had asked for \$8,000, and in part by the serious break in the intercepting sewer.

Money is needed for the street repair account to put both asphalt and brick streets, now out of guarantee, in condition.

That it wants to purchase the Rabus property adjoining the city hall on the east in order to provide suitable quarters for the electric light and power department, is the reason for the \$15,000 asked on the public grounds and buildings account and the \$10,000 asked for on the city hall account is a necessity that arises by reason of several changes in the office arrangements, among them moving the health department to the third floor and fitting up the finest municipal laboratory in Indiana.

The \$12,000 needed for the public lights account is needed for the maintenance and operation of the extensive ornamental lighting system for the earth at one point and some heavy timbers were shattered, but the staging held well and it is believed the work can go forward rapidly. The flood poured into the big sewer, swept past the barriers and boiled out in a roaring torrent from the breach in the arch of the sewer, but quickly ran off.

There was another flood at the foot of Monroe street Monday evening, and for a time it was feared there would be another washout of the Nickel Plate tracks below the point where the Monro ice house spur track dams up the water that comes down Monroe street. A drain will be put in this place at once.

ASPHALT REPAIRS COST LITTLE.

The report of W. A. Drage, superintendent of the asphalt repair plant,

shows that during June 4,444 yards of asphalt patches surfacing were put in and that the total cost, including overhead expense, was \$2,308.38, or about 64 cents a square yard. This is said to be about half the cost per yard of having the work done by contract.

IN THE CHURCHES

DECIDE TO BUY LOT.
Young People of First Baptist Church Will Aid in Building of New Church.

At the meeting of the executive committee of the Young People's society of the First Baptist church, held Monday evening at the church, it was decided to buy a lot, a place for the erection of a new building for the Young People's branch church. The lot the society has decided to buy is located on the north side of Huffman street.

The building, according to the present plans, will cost about \$6,000 and will be modern in all respects. The society of young people opened a campaign a few months ago to raise money to buy the lot. This was a thousand dollar campaign and it was reported Monday evening that over one half of this sum had been reached. Seeing their way clear they decided to go ahead and purchase the property so that work can be started as soon as possible.

The new church will bear the same name as it has since its organization, the Bloomingdale branch, and will be under the supervision of Rev. John Walton, assistant pastor of the First church.

ANNUAL PICNIC SUNDAY.

St. John's Lutheran Church in Lake Township Will Hold Affair North of Church.

The annual picnic of the St. John's Evangelical Lutheran church in Lake township, Rev. J. P. Meyer, will be held next Sunday afternoon, July 19, in the Andrew, Lemke's grove, one-fourth mile north of the church. There will be amusements and refreshments of all kinds and the public is invited. A program of athletic events and amusements for the children has been prepared.

MUCH INTEREST SHOWN.

Arrangements Were Made for Picnic of St. Joseph Italian Church.

Much interest was shown at a meeting Monday evening in the hall of the St. Joseph Italian church, corner Bass and Fairfield avenue, the young and active pastor, Rev. A. Petrelli, presiding. Further arrangements for the picnic to be held at Weiser park on Labor day were made.

A special lunch and different kinds of refreshments will be served, and will play and many interesting Italian and American games have been prepared for the day, which promises to be one of interest. For this purpose four committees have been appointed, namely lunch, arrangement for place, game and refreshments committees, of which L. J. Staros is general chairman.

A number of American and Italian ladies will serve the refreshments. Some American people who have been taking an interest in the progress of the church will have an active part in the program. The proceeds of this affair will be added to the church fund.

Change Lunch Hour.
The lunch hour at the Young Women's Christian association building has been changed from 11:30 to 1:30 to a half hour earlier, making the new time for noonday lunch from 11 o'clock to 1 o'clock.

Will Entertain Ladies.
Mrs. Maddux, of Sherman street, assisted by her daughters, Mrs. Campbell and Mrs. Norton, will entertain the ladies of the Women's Home Missionary society Wednesday afternoon at 2:30 o'clock at her home.

Church Notes.
The Lake Side division of the Ladies' Aid society met Tuesday afternoon at the home of Mrs. J. S. Smith, 1125 Elmwood avenue.

CORONER CALLS WITNESSES.

To Inquire Into the Death of Robert Smith, Colored.

Coroner E. H. Kruse summoned a number of witnesses to appear Tuesday afternoon at 4 o'clock in his office, to testify in the death of Robert Smith, colored, who passed away Tuesday morning at St. Joseph's hospital, after having been injured on the Nickel Plate tracks near Harrison street Monday night.

Nickel Plate officials who have made inquiries say that no train or engine passed the scene of the accident after the engine which brought passenger train No. 4 into the station at 8 o'clock Monday night went to the round house. An examination of the wheels of this engine did not reveal any bloody marks. The coroner is holding an inquest this afternoon.

THINK HER EVA KENSA.

Schenectady Police Solve Identity of Mohawk River Victim.

Schenectady, N. Y., July 14.—Eva Kenska, formerly of New York city, is believed by the police to be the Mohawk river victim. Many clues pointing to her were obtained last night but not until today was her full identity established. She was known here merely as "Eva." The girl lived with a man here whose name the police have been unable to learn. Later she disappeared and her companion sold their household goods and dropped out of sight.

Negro Cook Lady Opens Charlie Weber's Classic Brow.

Charlie Weber, white, and a colored cook lady are both employed in a downtown eating house. Weber has annoyed the cook lately with persistent disrespectful attentions whenever she came near him, according to the lady's story. Tuesday afternoon, despite her repeated warnings, Weber repeated his vulgar pleasantries and the cook drew a long hatpin and defended herself. She gave Weber a slash across the forehead, making a long, deep gash. The police were called and Weber was arrested and locked up. He will probably be charged with drunkenness.

CHICKENS UNDER BAN NEXT.

New Orleans eGits 31,000 Rat Traps to Fight Plague Spread.

New Orleans, La., July 14.—Chickens probably will be placed under the ban with rats by the health authorities fighting the bubonic plague here which in the last two weeks affected five persons and resulted in three deaths. Federal health officers will ask the city council to pass an ordinance making it unlawful to keep chickens within certain prescribed districts in the city. The chickens do not harbor plague germs, the doctors say, but seed thrown to them attracts rats and this makes rat eradication more difficult. More of the 31,000 rat traps ordered arrived today and were being placed. No new cases developed.

Heavenly Marriages and Deathless Soul Kisses Reach Earthly Courts

Medium Who Declares She
Wedded Handsome Or-
ganist in Thin Air Above
Earth With G. Washing-
ton and Patrick Henry as
Witnesses, Sues Young
Woman for Stealing Af-
fections of Hubby.

(By Nikola Greeley-Smith.)

Wheeling, W. Va., July 14.—"Our two souls left our bodies, winged into the uttermost ether and there, between the astral plane and the spirit world, gave each other a deathless soul-kiss and the first spirit-marriage of this world was celebrated."

Mrs. Ella Thomas, medium and pastor of the Spiritualist church of Bridgeport, Ohio, and formerly wife of Rev. John Thomas, Baptist minister of Pittsburgh, giving this description of her "heavenly marriage" to George Heinlein, of this city, has just called upon the earthly courts of West Virginia to declare it a

HOW THEY MARRY IN THE "SPIRIT WORLD."

"It was one evening after the services of our church were over that the 'spirit-world marriage' between myself and George Heinlein occurred. Its process was this:

"Simultaneously our souls left our bodies and soared into space, where they suddenly met. There, while unearthly music played about us, we exchanged that exquisite soul-kiss that made us one forever.

"You can not mistake the marvelous soul vibration, the spirit-thrill, that tells you when you have met your spiritual mate. There are many persons who never know this thrill. They are blinded by earth-love. It is possible to have one earth-mate and one spirit-mate. And it is only in rare and perfect marriages that you find your spirit-mate and your earth-mate in the same person. When you find both mates in one, you know rapture and ecstasy beyond the power of words to describe.

"In such matings earth and heaven are one! The spirits vibrate together. Time ceases to be and a new world is born."

valid wedding ceremony, so that she may be saved from "soul murder."

Mrs. Thomas believes that the tangled threads of love and jealousy as they exist in the spirit world can be untangled by the criminal courts of earth if she can procure an indictment of Miss Powell, of East Wheeling, for this "soul murder," she alleges she has suffered.

The woman pastor declares that her "sky-mating" to Heinlein, the good-looking, blue-eyed organist of her church, took place in February in far-off ether in the presence of "such distinguished spirits as George Washington, Patrick Henry and other leading inhabitants of the whole spiritual world."

Some time after the weird wedding, of which there is no early record and of which Heinlein denied knowledge to me, Mrs. Thomas charges that Mrs. Emma Powell and her daughter Pearl, plump and pretty and twenty visited her

love with her and thus making him unfaithful to his "spirit-world wedding." "It is ridiculous for Mrs. Thomas to attempt to hold my affections by declaring we were spiritually wedded," said George Heinlein to me.

Whoever heard of a wedding in the astral plane, anyhow?"

Pearl Powell lives with her mother in East Wheeling.

I went to school with Ella Thomas when we were both little girls living in Pennsylvania, near Blairstown," Mrs. Powell said. "But I lost track of her for years until she sent me a message through a friend to tell me to come over to Bridgeport to her church. So Pearl and I went a couple of times. The second time she wrote me a letter, which said: 'Stay away from my church and keep your daughter away, unless you can stop winking at married men.' She meant Heinlein, claiming he was spiritually married to her. Then she wrote to my husband, telling him to keep me and Pearl from 'murdering her spirit' by flirting with her spirit-mate."

"I don't care what George Heinlein or Pearl Powell have told you," Mrs. Thomas declared to me afterwards. "They all know that George is my spirit-world husband and that no one has the right to take him from me."

"He is my mate for all eternity and no woman can really take him away from me. But any woman who tries to do so slowly murders me, body and soul, and I am going to get justice against her."

"It is all nonsense for prosecuting attorneys to tell me that the courts of earth have no jurisdiction over spirits, and that they can not recognize a 'heavenly wedding.' Everybody in my church knows I am spiritually mated to George Heinlein. He is a spiritualist and he knows as well as I do that such marriages are the only kind that are indestructible."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or humming in the ears, and you are entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

C. A. BROWNLEY DIES IN TOLEDO

Was Passenger Conductor on the Wabash Road Quarter of a Century.

The remains of Charles Brownley, one of the oldest of the Wabash passenger conductors, passed through the city on the Continental limited at 1 o'clock today, en route to Toledo, where the funeral will be held. Mr. Brownley died in Toledo Sunday night, following a long illness. When he was able to work he had charge of passenger trains Nos. 5 and 6 between Danville and Toledo and his long service in that capacity gave opportunity for a wide acquaintance among the railway men and the traveling public. He was a most congenial and popular man.

CALLED TO CLEVELAND.

A. D. Hixon Becomes Chief Clerk to W. L. Blair.

A. D. Hixon, a telegraph operator and later extra dispatcher at Fort Wayne for the Nickel Plate, has been called to Cleveland to take the office of chief clerk to W. L. Blair, superintendent of telegraph. He will be succeeded here as extra dispatcher by Operator E. H. White, who is now out "learning the road." Both of these men have been in the employ of the Nickel Plate several years and their promotions are the result of good service.

TAKING LONG VACATION.

J. C. Sullivan, superintendent of the

Penn division of the Wabash, Monday entered upon a two months' vacation with a view of regaining his health, which has been poor for several months. Most of the vacation term will be spent at some summer resort. J. M. Hughes, chief clerk to Mr. Sullivan, will have charge of the business of the office in the absence of the superintendent.

BAGGAGEMAN RESIGNS.

Next Saturday will mark the close of John W. Gerard's service as night baggageman at the Wabash depot. He has accepted a position with the transfer company. Mr. Gerard resigns because he is tired of working at nights. He has held the position at the Wabash depot several years and has faithfully performed the duties and made himself popular with the patrons of the road with whom he came in touch in a business way.

HERE ON EXCURSION BUSINESS.

A. H. Breed, of Cleveland, traveling passenger agent of the New York Central lines, was in the city today and with Agent Ray Phillips held a conference with Chairman Robert R. Bartel, of the Fort Wayne Electric works' excursion committee. The object of the visit is to get a fairly correct estimate upon the number of people who will take in the excursion July 25 and the number of cars that will be needed to handle the crowd. Four trains will be necessary, it is estimated, and this means upwards of forty cars.

AGAIN IN THE CIRCLE.

The circle of men around the big table in the Pennsylvania committee room on the occasion of the division storekeepers' conferences which was broken a year or so ago by the withdrawal of F. C. Grubbs, of Toledo, is now complete, for Mr. Grubbs is with the storekeepers again. The return of

They Sell Papers on Pennsy Trains

The Union News company has issued orders for its agents to provide themselves with brand new uniforms and the picture above was taken immediately after the "newsies" at the Pennsylvania depot received and donned their new clothes. These men handle all the newspapers sold on the Pennsylvania trains passing through this city and at the news station, as well as various magazines and books. They are employees of the Union News company and are very familiar and active figures at the depot, and particularly when trains arrive there. In the accompanying picture Lloyd and Hazen Johnson, brothers, are represented in the front, while back of them are standing Ed Howell, the manager of the local news stand, and Joseph Fishman.

the prodigal is cause for rejoicing, for he is a favorite with his fellow storekeepers. Mr. Grubbs is now the storekeeper for the Central system, to which he was called soon after the formation of the new system. He is representing the Central system at the meetings this week.

SISTER HURT IN RUNAWAY.

C. A. Sheets, Nickel Plate brakeman, was called to his old home in Ohio yesterday by news of a runaway accident in which his sister was injured. The message did not state the extent of the injuries, but the calling of Mr. Sheets to his home leads him to believe his sister is badly hurt.

DEPOT BASEMENT FLOODED.

The inadequacy of the Baker street sewer was demonstrated yesterday during the most severe of the several rain storms. It failed to carry off the water and as a result the east end of the basement of the new Pennsylvania passenger station was flooded to the depth of two inches for over an hour. The damage was not serious.

INDUSTRIAL NOTES.

J. P. Brethoff, of the Pennsylvania erecting shop, is sick and off duty.

M. Lauer, a cabinetmaker at the Pennsylvania shops, is sick and off duty.

Machinist Michael Quinn, of the Wabash, is visiting friends in Toledo and Detroit.

Assistant Trainmaster A. F. King, of the Wabash, was in the city today on business for the company.

Machinist Charles A. Agster resumed work at the Wabash shops this morning after a visit with friends in Michigan.

Machinist Ed Kline, of the Pennsylvania shops, was taken ill yesterday while at work and had to return home.

The traveling auditors from the passenger department of the Pennsylvania are here checking up Agent J. E. Ross.

E. Bueltemeyer, a cab driver, has recovered from a sickness and this morning resumed work at the Pennsylvania shops.

Charles H. Toensing, chief clerk to Supt. B. H. Hudson, of the G. R. & L., has returned from a business trip to Grand Rapids.

George Derome sustained injury to one of his eyes yesterday which will keep him from work in the Pennsylvania erecting shop for a few days.

Fred Bloemke resumed work in the Pennsylvania machine shop this morning. A week ago he had a hand injury and was threatened with blood poisoning.

J. M. Merriwether, a Purdue student who is working during the vacation term in the Pennsylvania machine shop, was taken ill this morning and had to quit work.

Oscar Shady had the end of his left thumb split open at the Fort Wayne Electric works yesterday afternoon. Dr. Schultz had to close the wound by stitching it.

A. E. Titus, George Smith, R. E. Schroeder, J. A. Johnson, M. J. Patterson and A. I. Burns, brakemen, have been temporarily dropped from the list on account of the light traffic.

VERY UNSIGHTLY PIMPLES ON FACE

Red and Festered. Also Had Dandruff. Could Be Seen Plainly. Used Cuticura Soap and Ointment. Free from Pimples and Dandruff.

New Sharon, Iowa.—"Two or three years ago pimples began to come on my face and I had dandruff. They were very unsightly. They were red and numerous, some came to a head and festered and the itching caused me to scratch them. The dandruff on my head could be plainly seen. I tried several remedies but they only temporarily relieved me. I had been bothered with the trouble two or three years when I decided to try Cuticura Soap and Ointment. So I sent for a free sample and I noticed relief from them, and I bought more. I used two cakes of Cuticura Soap and two boxes of Cuticura Ointment and am now free from pimples and dandruff." (Signed) Clyde Firebaugh, May 11, 1914.

A generation of mothers has found no soap so well suited for cleansing and purifying the skin and hair of infants and children as Cuticura Soap. Its absolute purity and refreshing fragrance alone are enough to recommend it above ordinary skin soaps, but there are added to these qualities delicate yet effective emollient properties, derived from Cuticura Ointment, which render it most valuable in overcoming a tendency to distressing eruptions and promoting skin and hair health. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 82-p. book. Address post-card "Cuticura, Dept. T, Boston."

Assistant Trainmaster E. M. Reese was not able to join the Pennsylvania inspection party yesterday as he intended. His little daughter was taken ill suddenly and he did not want to leave home. The attack is not serious, however.

E. L. Roth, who had one of his fourth fingers sutured six weeks ago, was able to report for duty at the Pennsylvania erecting shop this morning. Henry Rohrbach, who was sick several days, also reported for work in the erecting shop this morning.

Mrs. Lechler, wife of Machinist James A. Lechler, of the Wabash, is in Ann Arbor, Mich., for a two weeks' visit with her brother, A. Lothamer and family. Mr. Lothamer is the superintendent at Ann Arbor for the Prudential Insurance company. When in this city he was connected with the Metropolitan company.

Foreman Daniel Petgen, of the Pennsylvania tin and pipe shop, and his wife have returned from Decatur, Ind., where they attended the funeral of Mrs. Petgen's step-mother, Mrs. Mary Colchin. Other relatives who attended the funeral were James Colchin, of Columbia City; Joseph Colchin, of Bellefontaine, O., and Lewis Colchin, of St. Louis.

The Indiana Road Machine works, Osage and Boone streets, laid off temporarily about twelve of its employees yesterday. July and August are dull months in that line of trade, but until this summer the works ran as usual, making "stock" machinery parts. Business will soon be normal and the suspended men recalled, it is believed.

Carl Hoffman, a messenger at the Pennsylvania machine shop, who is also a stenographer, is working in the latter capacity in the office of Master Car Builder J. A. Graham during the absence of Ross Kennedy, the regular stenographer. Mr. Kennedy and his brother, C. R. Kennedy, who is also a stenographer at the Pennsylvania shops, are enjoying a vacation at Cleveland.

Lightning struck the chimney in the Pennsylvania tank shop building at 6:30 o'clock yesterday morning and broke the heavy stone cap into a dozen pieces. It also knocked off some of the slate on the roof. Beneath the portion of the roof struck by lightning is the vise department under Foreman F. C. Meyers and a number of the men were in the room preparing to commence work. They were not in the least injured.

Titled American Talks on Suffrage

Newport, R. I., July 14.—A real life duchess, this, will be the "winner" for women at the big suffrage party given by Mrs. O. H. Belmont. It was the first view that many of the guests had of the Duchess of Marlborough.

WILL DISCUSS IT AT WHITE HOUSE

New Effort to Thresh Out the Differences Over Conservation.

Washington, July 14.—Conservationists look forward with interest to the conference to be held at the white house tonight when efforts are to be made to smooth out differences over pending conservation legislation.

President Wilson, members of the cabinet and members of the house planned to consider the pending Adanson bill. The bill is designed to boom navigation on what are now, in the aggregate, thousands of miles of shoally streams with possibilities of power development attractive to private capital but practically prohibitive to the government if undertaken to promote navigation only.

The plan is to grant permits, for fifty-year periods, for private construction of dams and locks so as to provide heads of water for generation of power and hydro-electricity for power purposes for communities needing light, fuel and power for manufacturing and other purposes.

President Wilson is taking considerable interest in the bill and so are Secretaries Lane, of the interior department, and Garrison, of the war department, both of which departments would have jurisdiction over respective details of the projects under the bill.

RETURNS TO FISH WITH FATHER, 75

Mrs. Ralston, Wife of Governor, Goes Back to Childhood Home.

Indianapolis, Ind., July 14.—Mrs. Ralston, wife of the governor, today will live over her girlhood days spent in Hendricks county. She is "back home" to fish in Mud creek, just like she did when a girl in her teens. Her return to the creek she knew so well as a child is to be made to please her elderly father.

It is said that Mrs. Ralston's luggage, upon her departure for her father's home at Clayton last evening, included a can of angle worms dug in the Ralston back yard immediately after yesterday's rain, as well as a basket of lunch.

Mrs. Ralston visited her father, William R. Craven, last Friday on his seventy-fifth birthday anniversary, and it was then that he expressed a wish to return to Mud creek once more for a day of fishing.

"Jennie, I wish we could go out to Mud creek once more just like we used to when you were a little girl," said Mrs. Ralston's father, revealing in moments of bygone days.

Now it was arranged that Mrs. Ralston and her father should renew their chummy days by fishing today from the banks of Mud creek for the catfish and sunfish with which the stream abounds.

Mrs. Ralston recalls that she was scarcely "big enough to sit on a log" the first time she went fishing with her father. Then she used a bent pin for a hook, but today she will use a real fishhook and she won't require the assistance of any one in baiting her hook, because her girlhood experiences on Mud creek taught her how to put the worm on the hook.

Julian Ralston, a son, accompanied Mrs. Ralston to Clayton, but hunting appeals to him more strongly than fishing.

TO HAVE FESTIVE TIME IN LONDON

American Warships Carrying Cadets, at Anchor in Thames.

London, July 14.—The American battleships Missouri and Illinois arrived from Gibraltar today and anchored in the Thames off Gravesend where they will remain about a week. On board is a large party of cadets from the naval academy at Annapolis who have been making their annual cruise.

Captain William Fullam, superintendent of the naval academy, who commands the practice squadron, found a sheaf of invitations awaiting him, his officers and the cadets. They came from British naval men and from various American societies in London who have arranged many entertainments for the American visitors. The officers of the American battleships will reciprocate by throwing the vessels open to visitors. On July 20 the American officers will participate in the dedication to Pocomatic in St. George's church, Gravesend, of two memorial windows which Ambassador Walter Hines Page will formally present on behalf of the Dames of Virginia.

SEEKS ADVANCE IN EUGENICS.

Wisconsin Alienist Commends the Modern Program.

Chicago, July 14.—"The modern eugenic program makes entirely feasible and practicable a certain degree of social advancement for which it is well worth while to strive," said Dr. Frank I. Drake, of Waupun, Wis., today before the meeting of alienists and neurologists brought together by the Chicago Medical society for the discussion of mental diseases.

Dr. Drake discussed Wisconsin's fight against degeneracy and after outlining the conditions in the state and giving statistics showing that there were more than twelve thousand inmates in Wisconsin charitable reform and penal institutions, made a plea for eugenics as the solution of the state problem.

Owing to the absence of two members of the school board, the regular meeting to have been held Monday night, was postponed by Superintendent J. N. Study.

Rapid progress is being made in the erection of the Gauntt office building, corner of Webster and Berry streets and Monday morning workmen were about ready to start the construction of the third story.

CONSTIPATION Is Not Really Cured by Violent Cathartic and Purgative Drugs.

The World's Greatest Doctors Now Prescribe USOLINE, Nature's Own Marvelous Lubricator.

If you have constipation a "dose of pills" will generally relieve your bowels. You'll have colic, grip and cramps, but then, of course, those who persist in using cathartics, expect to get relief. But the bowels, because such violent purgatives always cause gripping, and larger and still larger doses are necessary. After a while you'll have to change to some more powerful purgative to get any relief whatever. Every sufferer from constipation knows this to be a fact.

But purgatives and cathartics do not CURE constipation—they simply AGGRAVATE it, make it chronic, and then comfort, health and happiness are gone from your life.

Eating, digesting and assimilation of food are purely natural, easy, unnoticeable functions, and so should be the movements of the bowels, and as they will be if you will stop drug-poisoning your system, and take a little USOLINE, which is an absolutely pure mineral product, pumped from the interior of the earth, in Russia.

USOLINE is tasteless, odorless and colorless, and has a wonderfully gentle, soothing and lubricating effect on the bowels, making the movements smooth, easy and regular.

You know the discomforts and dangers of constipation; most of you know the unsatisfactory effects of drugs, and we believe you will appreciate an opportunity to get a pure, natural, and safe remedy for your constipation. USOLINE, imported only by the OIL PRODUCTS COMPANY, New York, and sold by druggists generally. Get 50c a bottle, and if a little pin (the one in the capsule) is stuck in a box, 25c. Requires no water for drinking.

WORLD'S BIGGEST GUN READY SOON

Great 16-Incher for Service on Panama Canal Fortifications.

Washington, July 14.—When its breech locking device has been perfected at Watervliet arsenal, the great 16-inch gun, the biggest piece of ordnance in the world, which has just been shipped from Sandy Hook proving grounds, will be practically ready for

service on the Panama canal fortifications. The carriage of this giant gun is now under construction at the Watervliet, Mass., arsenal. It will probably be taken back to Sandy Hook for tests after being mounted and will not be shipped to Panama before next spring. Some idea may be had of the tremendous power of this gun destined to protect the Pacific entrance to the Panama canal by the fact that it is fifty feet long. The projectile itself weighs a ton and is discharged by 605 pounds of powder. It requires eight men to carry the powder charge. This gun has a maximum range of from 22 to 23 miles or half the distance between New York city and West Point. The elevation permitted by its carriage will enable the gun to fire a projectile about 11 miles across the Pacific ocean. It has sufficient power theoretically to pierce two feet of the best armor at the muzzle. At 11 miles the gun is calculated to pierce a 12-inch armor plate, or any side armor afloat. When a shell leaves the gun it is revolving on its axis at about 4,000 revolutions a minute and develops a pressure of 38,000 pounds to the square

inch. The pressure to the rear of the gun and forward on the projectile amounts to 7,800,000 pounds. The projectile's velocity of 2,250 feet per second gives a muzzle energy of some what more than 84,000 foot tons—that is an energy capable of raising 42 tons one foot every second.

Army ordnance officers believe this gun will be a tremendous instrument of peace when it is finally in position on the Panama canal.

SHAW MADE PRESIDENT.

Federation of Labor Holds Special Election of Officers.

A motion presented at the regular meeting of the Fort Wayne Federation of Labor Monday night provided for a special election of officers, and Joseph Shaw, of the cigarmakers' union, was elected president to succeed E. T. Drew, James A. Lechler, of the machinists' union, former president of the federation, was elected vice president.

Henry C. Holtje, J. C. Werkman, P. R. Bell, James A. Lechler and Glenn Johnson were named as the official delegates to the state convention, to be held here during the last week in September.

A report submitted by the sanitation committee asked that the city exert extra efforts to keep stagnant water from Delta lake and the lagoons at Lakeside park. This committee also asked that more water be furnished the Harrison street sewer.

KILLS DOCTOR; THEN HIMSELF

Quarrel Over Bill Ends in Tragedy in Office of Physician.

Chicago, July 14.—A mysterious tragedy happened last night when Tony Muskowski shot and killed himself in the office of Dr. H. H. Steere at 1805 South Ashland avenue after mortally wounding the physician. Muskowski was a patient of the doctor and entered his office while the physician was alone.

They were heard in an angry dispute, and suddenly three shots were fired.

Neighbors ran into the office and found the doctor stretched on the floor with a bullet through his stomach. The other shot had gone wild.

Dr. Steere was rushed to St. Anthony's hospital where he died, and the police began a search for his assailant. They found him on the opposite side of the office unconscious. Muskowski died while being taken to the county hospital in a police ambulance.

Receipts showing that he had paid the doctor \$435 during the last two years were found in Muskowski's pockets, but the police could not learn his address. One of the receipts, dated last December, gave his address as the Brevoort hotel, but at the hotel it was said he was not known there.

It was reported that Muskowski and the doctor had quarreled over the payment of a bill.

Detectives went to the hospital and remained at the physician's bedside in order to take a statement from him but he did not recover consciousness.

CHANGE PARK SERVICE.

Twenty Minute Schedule Instead of the Half-Hour Run.

Officials of the Fort Wayne & Northern Indiana Traction company announced Tuesday that cars to Robison park will be operated hereafter on a twenty-minute schedule. This time program became effective Tuesday. Prior to this time the schedule was one car each half-hour. A more frequent routing will be established on Sundays and holidays.

BIDS WERE SUBMITTED.

Five bids were submitted Monday evening for the general contract and for the plumbing and heating of the new addition to the Turner hall to the building committee, who will go through them carefully and report at the special meeting Wednesday evening. Those who submitted bids for the contract were Max Irmischer, E. Junkuntz, William Furman, Christ Franke and Henry Borkesten.

INJURED NEGRO DIES OF WOUNDS

Robert Smith Was Struck by Train and Badly Injured.

Robert Smith, colored, aged thirty-five years, a laborer employed until Monday by Buesching & Hagerman on the Fisher building on West Columbus street, died early Tuesday morning at St. Joseph's hospital from injuries sustained Monday night when he was struck by a Nickel Plate train at the Harrison street crossing.

Smith was found about 150 feet west of the crossing shortly before midnight, and it is believed that he had been injured two hours earlier by a freight train. It is likely that details concerning the accident will remain a mystery, because the injured man was unable to give any coherent account of the affair. His right foot was crushed, his left limb cut off between the knee and ankle and his left arm crushed and the flesh torn away from the bone. His condition was rendered more critical it is said, because of having laid unattended for such a long period of time after sustaining his injuries.

The unfortunate man came to Fort Wayne three weeks ago from Virginia, and it is said that he has a wife and baby residing there at present. Efforts to locate them are being made by

HIGH OFFICIALS IN FLIGHT: HUERTA NOT AMONG THEM

RACING TO GET AWAY BEFORE CRASH COMES

Prominent Aides to Dictator Quit Mexican Territory Aboard Espagne, Sailing from Vera Cruz

HUERTA MAY QUIT TODAY OR TOMORROW

Washington, July 14.—Gen. Huerta was not among the high official Mexican refugees sailing from Vera Cruz on the liner Espagne, according to early dispatches today from Gen. Funston.

The holding of the liner and the hurried repair of the railroad to Mexico City had been taken as an indication that the dictator was ready to flee with Adolfo de la Loma, Esteva Ruiz, Querido Moheno and the Generals Maas, all of his official family, who sailed on the Espagne.

Reports from Consular Agent Carothers say Carranza has moved his provisional capital to Monterrey from Saltillo. Is Expected Momentarily.

Huerta's resignation momentarily was expected in Mexico City today. Official diplomatic dispatches from the federal capital stated the dictator probably would quit his post and turn over his administration to his new foreign minister, Francisco Carbajal, either today or Wednesday.

Evidence that Huerta was preparing an avenue of exit after his abdication was seen in the work of restoring through rail communication between Mexico City and Vera Cruz. The chief engineers of the Mexican railway were sent from the capital personally to supervise the repairing of the gap in the line near the coast. Huerta, it was believed, might use that route of departure. The railway was torn up after the American occupation of Vera Cruz.

Crisis is imminent.

With a crisis imminent officials and envoys of the South American republics were untiring in their efforts today to bring about a transition of power in Mexico City without further sacrifice of life. Carranza is notifying the United States that he would not sanction any

conference with representatives of Huerta to draft peace terms, declared that unconditional surrender of the authorities in Mexico City was the only thing he would accept. He said he could give ample assurances for the guarantee of life and property.

While Washington officials have indicated that they would take no steps to interfere with the affair, yet the rebels have been notified that recognition would not be given them if violence marked their entrance into Mexico City.

THEY EXPECTED HUERTA.

But Officers Who Hurried Out to Gap Were Disappointed.

Vera Cruz, July 14.—In the belief that Gen. Huerta and his family possibly would arrive today from the capital, a large number of American army and navy officers proceeded on the morning train to the gap in the railway. There was, however, no one of importance among the incoming passengers.

NEW TRIAL FOR MRS. WAKEFIELD

Second Hearing for Woman Once Convicted of Slaying Husband.

New Haven, Conn., July 14.—Bessie J. Wakefield was placed on trial today for the second time under an indictment for murder, in causing the death of her husband, William O. Wakefield, at Cheshire on June 13, 1913. The woman was found guilty of the murder on October 31 and sentenced to be hanged on March 4 last. Upon an appeal to the supreme court she was granted a new trial.

James P. Flew, who actually murdered Wakefield, was convicted in a separate trial and paid the penalty for the crime. Mrs. Wakefield and Flew had been close friends. The state alleged in the first trial of Mrs. Wakefield that the woman was the master mind in a plot to kill Wakefield.

NEW HAVEN CASE GETS INTO DEBATE

Jones Will Be Confirmed by 5 to 10 Majority, is Prediction.

Washington, July 14.—Administration trust bills struck another snag in senate committees today. The interstate commerce commission was unable to agree whether the railroad securities bill should merely provide for supervision of the issue of stocks and bonds or go further and regulate for what purpose funds could be used.

The judiciary committee spent several hours discussing constitutional questions of the Clayton omnibus trust bill. Prospects of a joint session of the two committees to work out a general program for embodiment into one bill were said to be good.

Another "Prosperity Debate."

New Haven railroad affairs were brought up in the senate during a "prosperity" debate between Senator Gallagher, republican, and Senator Thomas, democrat. The republican senator read

AMOS R. WALTER ASKED TO RETIRE

Message from Indianapolis Tells U. S. Marshal to Close Office.

A long distance telephone message from the office of the United States marshal for the district of Indiana, at Indianapolis, Tuesday morning, instructed Amos R. Walter to close his office as deputy United States marshal here, and

AMOS R. WALTER.

stated that a successor would be appointed shortly. Retiring with Mr. Walter is Samuel Errington, deputy under Mr. Walter.

Papers and other matters in the office have been turned over to Deputy United States Clerk Thomas J. Logan, and will be retained by him until Mr. Walter's successor arrives. It is said that the name of the man to be appointed is unknown here.

Mr. Walter has served as deputy marshal for seven years. He was appointed under the term of H. C. Pettit, United States marshal for the Indiana district, and succeeded John A. Scott, deceased.

CONDITION IS ACUTE.

Duke of Aosta Very Ill From Typhoid Fever.

Naples, Italy, July 14.—The condition of the Duke of Aosta, the King of Italy's cousin, who is suffering from typhoid fever, was described today as acute. A bulletin issued by his physicians says:

"The symptoms are acute. Temperature, 103.6. Pulse, 112 to 120. Feebleness of the heart is again apparent."

MORE COTTON CONSUMED.

Figures Show Increased Demand Over Previous June.

Washington, July 14.—Cotton consumed during June was 445,635 bales, exclusive of lint, compared with 441,157 in June last year, the census bureau announced today. Consumption for the ten months ending June 30 was 4,745,390 bales against 4,568,729 last year.

ULTIMATUM TO RAIL CHIEFS

Strike to Tie Up 148,000 Miles Imminent if Settlement Fails.

CONFERENCE IS ON AT CHICAGO

Heads of Firemen and Engineers Meet Managers' Committee.

Chicago, July 14.—Representatives of 55,000 engineers and firemen on ninety-eight western railroads today declared that they would not accept arbitration of their wage differences under the Eastman act, but would continue negotiations with their employees.

The ultimatum, it was announced, contained the statement that 90 per cent of the men had voted to strike unless their demands were acceded to. Counting of the strike referendum ballots has just been completed. The next move is up to the roads. It may take the form of an appeal to the federal department of labor for arbitration.

Virtually all lines west of Chicago, the Illinois Central and lines in Canada, west of Fort Williams, except the Canadian Grand Trunk Pacific, are affected.

Warren S. Stone, general chief engineer of the Brotherhood of Locomotive Engineers, and W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers, met the general managers' committee of the railroads today. The session was prolonged until

EVENT NOTABLE AS SPECTACLE

Many Thrills in Parisian Celebration of Fall of the Bastille.

Paris, July 14.—Half a million Parisians celebrated the anniversary of the fall of the Bastille at the president's annual review of the Paris garrison today and saw ten aeroplanes rise at the far end of the Long Champs race course and in perfect alignment of fours fly at full speed past the presidential stand.

A mighty roar of cheering swept over the ground and kept on as 30,000 troops, comprising cavalry, artillery, infantry and other branches, marched in close order before the reviewing stand.

Another minute of excitement was provided when at the close of the review 2,000 emissaries in bright steel breast plates and brass helmets, charged, swords in air, to within thirty paces of the president. Brilliant weather brought out a large number of distinguished guests, including most of the diplomatic corps, the French cabinet ministers, the speakers of the chamber of deputies and senate, and a host of society people.

The troops of all the garrisons in France also paraded and the military authorities calculated that over 400 army aeroplanes were on the wing at one time in various parts of the country.

Fireworks displays, military bands, public dancing, free performances at theaters in the afternoon and evening in Paris and all the other cities, towns and villages of France were provided at the expense of the government.

MUCH LOSS IN WIND'S WAKE

Section Near Maysville is Heavily Hit in Monday Storm.

MANY BUILDINGS UNROOFED IN GALE

Grain Stripped from Oats Stalks and Other Crops Damaged.

A windstorm of sufficient velocity to strip the grain from a field of oats on the Ben Dorsey farm in Seipio township, leaving the bared stalks leveled to the ground, swept through the north-eastern portion of Allen county late Monday afternoon, leaving in its wake a trail of overturned and unroofed buildings, ruined crops and a great number of badly frightened citizens, but passed without personal injury or loss of life.

Springfield township was in the path of the wind-swept district and farm owners are now busy repairing the damage and looking over their crops many of which are thought to be entirely destroyed. The storm was of short duration but the accompanying rain, the low hanging clouds and the terrific gale wrought havoc and created consternation among the residents of the district.

Kinsley a Heavy Loser.

Edward Kinsley, of Springfield township, was the heaviest loser. The gale struck his dwelling with a force that shook it upon the foundations, the howling wind ripped the window glass from the frames and the rain swept in torrents through the entire house, flooding the floors. Chimneys were carried away by the wind.

The state roof of the dwelling was partially destroyed and in addition to

ELKS TAKE UP LEACH CHARGES

Club Feature Often Mere Subterfuge for Liquor Selling, He Says.

Denver, Col., July 14.—Politics was brought into the twenty-eighth annual national reunion of the Benevolent and Protective Order of Elks and the golden jubilee of the grand lodge today.

The fifth session of the grand lodge began its three day session today. Among other things, it will consider charges made by Grand Exalted Ruler Edward Leach in his annual report upon a tendency of some lodges to develop the social or "club" feature of a lodge to the extent, in prohibition localities, that they have become subterfuges for selling liquors.

Five thousand child delinquents have come under the guardianship of 308,000 Elks in 1,801 lodges in 48 states and four possessions—Guam, Alaska, Hawaii and Porto Rico—since the Rochester inauguration of the Elks' "big brother movement" in 1913. An appropriation of \$10,000 to continue their work, the publication of a periodical upon the movement and incorporation of the big brother committee into the grand lodge are urged by that committee in a report to the grand lodge.

Raymond Benjamin, of Napa, California, was elected grand exalted ruler today by acclamation.

Charges McAdoo Uses Revenue Cutter for His Week-End Parties

Washington, July 14.—Secretary of the Treasury McAdoo, son-in-law of President Wilson, is likely to have his "private" yacht taken away from him. The reason is that the private yacht happens to be a public yacht, and, according to Representative Good of Iowa, cannot be used for sailing parties. Good charges that the revenue cutter Onondaga has been used for week-end trips by Secretary McAdoo in direct violation of the law.

"If the public had the power," he declares, "it would remove from office a secretary of the treasury who not only fails to enforce the law, but violates it himself."

COUNTY CHAIRMEN COME IN RELAYS

Republican State Leader is Holding Conference on Reorganization.

Indianapolis, July 14.—Republican county chairmen from the First, Eighth and Tenth districts began arriving this morning for the conference on organization with Will H. Hays, state chairman, and L. W. Henley, secretary, at the republican state headquarters here this afternoon. District Chairmen Baltzell, of the First; LaFollette, of the Eighth, and Smith, of the Tenth, also were to attend the conference.

S. W. Cook, of Evansville, republican candidate for congress from the First district, also attended.

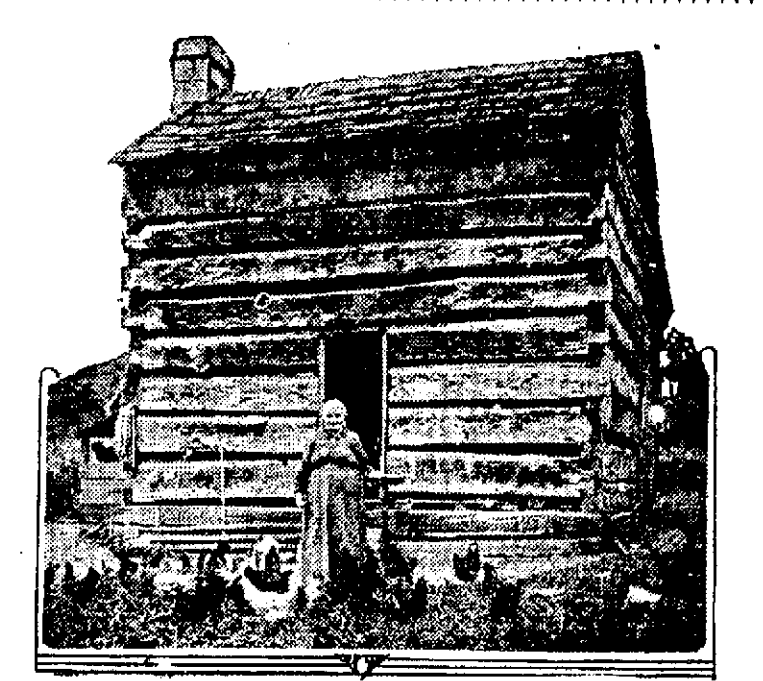

Chairman Hays and Secretary Henley will meet the county chairmen from the Second, Sixth and Thirteenth districts here tomorrow and these will be followed by the county chiefs from the Third, Fifth and Eleventh districts on Thursday. County chairmen from the remaining districts, the Fourth, Ninth, Seventh and Twelfth, are to meet here on Friday.

The conference here will be followed by county organization meetings to be held throughout the state next week.

HALF MILLION TO WIDOW; GOLD-HEADED CAME TO EACH SON.

St. Louis, July 14.—The will of Martin L. Cleardy, former congressman and general solicitor for the Missouri Pacific railroad, which was filed here today, leaves the entire estate estimated at \$500,000 to the widow. Each of Cleardy's sons is bequeathed a gold-headed cane and the will expresses the hope that "they may find no more use for them than I did."

WORTH \$33,000, SHE LIVES IN A SHACK; WOMAN HERMIT HIDES SECRET ALONE.

"AUNT POLLY" DAVIS AND HER LITTLE CABIN.

Quicksand, Ky., July 14.—"Aunt Polly" Davis could live in a villa at Newport if she wanted to—she has \$33,000 in the bank and her 1,000-acre farm, rich in coal and timber, is worth a fortune. If society appealed to her, she could be giving tango teas and lawn fetes instead of feeding chickens and loosing corn.

But the world wasn't very kind to "Aunt Polly." It broke her heart and

wrecked her life. So now, at 82, she lives alone in a desolate little cabin, with no companions but her chickens. The tragedy of her life is a sealed book. No one knows why she shuns the world and keeps on making money which she never spends.

Despite her age, she is in good health and, with occasional help from a "hired hand," she takes care of her farm and raises her chickens.

DESERTED WIFE SEEKS DIVORCE

**Mrs. John O. Druley Says He
Ran Away from Her and
Three Children.**

Charging that her husband, John O. Druley, to whom she was wed in October, 1903, deserted her and their three children in October, 1910, and has since provided nothing toward their support, Myrtle D. Druley has brought suit in the superior court for divorce. She says since her husband went away she has had to support herself and the children, now aged 10, 9 and 6 years, by her own labor and efforts. Mrs. Druley resides in Abolt township and the husband is said to be now residing near Hart, Mich.

Paternity Charges Fall.
After spending two days hearing the evidence in the case of the state ex. rel. Vera M. Hiler against Roy Hensel, on paternity charges, Special Judge John H. Aiken rendered a verdict for the defendant. The young man was able to prove to the satisfaction of the court that on occasions when his intimacies were charged he was in Chicago. This is said to be the first time that a judge has ever rendered a verdict of acquittal in a paternity case in this county.

Notes of the Courts.
A motion to dismiss has been entered in the circuit court by the plaintiff in the suit of W. W. Rockhill vs. Andrew J. Moynihan and the Fort Wayne Journal-Gazette company.

In the superior court Lillian Paul has sued Harry Seidel to foreclose a chattel mortgage, demanding \$900.

After a long and tedious trial in the superior court the jury returned a verdict for the defendant in the suit of George Jacobs vs. James Anderson to recover \$425 on a piano alleged to have been sold to the defendant.

Louis Fox and others, doing business as Fox Brother & Co., have brought suit in the superior court against C. O. Taylor to recover \$410.07 worth of goods sold to the defendant and asking also for \$200 damages.

Nelson H. Whittier, as administrator of the estate of the late Lavina N. Whittier, has sued Elizabeth Queen and others in the superior court to recover \$1,400 on a note and foreclose a mortgage.

In the superior court Ray L. Ditzler has sued Edith I. and William H. Ham on account for \$80.

In the superior court Judge Yaple has granted a divorce to Florence Swisher from Amani Swisher.

The Leigheimer divorce suit is still on trial in the superior court and there is little abatement of attendance.

The suit of James D. White against Thomas M. Wagne to foreclose a mortgage for \$7,500, is on trial in the circuit court before Hon. Edward O'Rourke, sitting as special judge.

ROY GETS SALOON LICENSE.
Remonstrance Against Edgerton Man is Held Insufficient.

The board of commissioners on Tuesday granted a saloon license to Clarence Roy, of Edgerton, against whom a blanket remonstrance had been filed. The fight against Roy seemed to blatten out at the critical point, the attorney for the remonstrants not being present. The commissioners found that the remonstrance bore less than a majority of the legal voters of Jackson township, held it to be insufficient and released Roy's license. The remonstrance was not brought into question. A large number of Jackson township people were present, the larger number of them being Roy's friends. Roy has the only saloon in the township and defeat of his application would have made the township dry.

DR. CARMAN IS FIRST WITNESS

**Grand Jury at Minneola
Begins Probe Into Mur-
der of Mrs. Bailey.**

Minneola, N. Y., July 14.—The grand jury today took up the case of Mrs. Florence Carman, charged with the murder of Mrs. Louise Bailey, one of her husband's patients who was shot in his office on the night of June 30.

Dr. Carman was the first witness called. He was on the stand nearly two hours. As he left the grand jury room he refused to say anything about the nature of his testimony, but stated that he had not been asked to waive immunity as had been expected.

District Attorney Smith said he was satisfied with Dr. Carman's story and had changed his mind about asking him to sign a waiver of immunity. Dr. Carman and the district attorney refused to say whether Dr. Carman had in any important details altered the story which he told at the coroner's inquest. The chief point in this account was that his wife was upstairs when the shot that killed Mrs. Bailey was fired.

The search for the revolver with which Mrs. Bailey was shot led to the rumor that Carman would be asked to tell the grand jury what he knows of the murder and what knowledge he has, if any, of the missing weapon. Detectives yesterday in their hunt for the weapon, went over the route taken by Dr. Carman on the day following the murder.

Miss Ida Powell, a sister of Mrs. Carman, probably will be called before the grand jury. Mrs. Platt Conklin, mother of Mrs. Carman, is ill at the Carman home and it is feared she may not be able to testify.

While the grand jury was in session a statement was given out by Mrs. Carman through her attorney, George Levy. She said in part: "I ask that judgment be suspended until the entire truth in regard to the murder of poor Mrs. Bailey becomes known. I am satisfied that the truth will come out and when I am free Dr. Carman and myself will never rest until the assassin of Mrs. Bailey is found."

"This terrible punishment has been meted out to me for the suspicion I permitted to crowd out the love I hold for my husband. My little baby has been sent to the home of strangers. My mother is lying at the point of death. I am innocent and cannot understand why everything said about me has been so distorted. All I want is fair play."

"Still, comfort is to be gleaned from my position, for my husband and I love each other more than ever before."

FARMER BOYS MAKE CAPTURE

**Fred Clifford, Convict, Who
Leaped from Train, is
Retaken.**

Lebanon, Ind., July 14.—Fred Clifford, aged 26, the escaped convict from the Frankfort (Ky.) reformatory who made a sensational get away from his Rogers, deputy warden here yesterday when he jumped from a Big Four train at the edge of the city, was captured today, and is now in the charge of Sheriff McRoberts, of Boone county.

The capture was effected by Jesse Troutman, Levi Worrell and Spike Robinson, three farmer boys, who will share the reward of \$200.

When the train reached Lebanon yesterday afternoon the prisoner, who was handcuffed to the officer, asked permission to go to the toilet. The officer unlocked the handcuff from his own wrist. When they were in the narrow room the prisoner struck the officer behind the ear with the handcuffs and broke through the door. The officer drew his revolver and shot the convict in the leg.

The prisoner ran through five coaches and as the train reached the outskirts of Lebanon jumped off the rear platform and escaped in a southerly direction.

The train carried the officer on to Indianapolis. He returned here on the first interurban car. The local police and a posse of men hunted for the escaped convict.

At the home of Dudley Wolfe, a short distance from where Clifford jumped from the train, the convict, on the plea that he was a hothead and had been elected from the train, obtained an old coat and a hat from Mrs. Wolfe. When he showed his handcuffs and asked for a file Mrs. Wolfe refused to talk with him further. He was seen by two other persons at the southern edge of town. A reward of \$150 was offered for his capture and to this Deputy Warden Rogers added \$50 on his own responsibility.

The man's wife was with him on the train. He had been sentenced to prison for robbery.

THE DEATHS.

FUNERAL NOTICES.

Strebig.—Funeral services for Mrs. Frances Strebig will be held Thursday morning at 9:30 o'clock from the residence of the parents, Mr. and Mrs. Henry Nyland, 2129 Smith street, and at 9 o'clock from St. Peter's Catholic church. Interment will be made at the Catholic cemetery.

Gilmartin.—Funeral services for Edward Gilmartin will be held Thursday morning at 8:30 o'clock from the residence, 200 West Williams street, and at 9 o'clock from St. Patrick's Catholic church. Interment will be made at the Catholic cemetery and friends are kindly asked to omit flowers.

RUMOR OF DEATH DENIED.

Russian Mystic Lay Monk Has Not Succumbed to Wounds.
St. Petersburg, July 14.—The report that Gregory Rasputin, the mystic lay monk and adviser of the emperor of Russia, had died from the wound inflicted on him recently by a woman in Pskovsky, his native village, in Tobolsk, Siberia, was unfounded. The monk was conveyed by steamer to Tyumen accompanied by the governor of the province, the bishop of Tobolsk and two doctors.

a clipping telling of the discharge of shop hands in Wilmington, Del., and the democratic senator retorted that his colleague might be more solicitous of those who had suffered in New Haven operations as disclosed in the interstate commerce commission's report.

Senator Thomas quoted from the late J. P. Morgan's will, the words in which the dead financier committed "my soul to the hands of my maker."

"That will is a fitting companion piece to the commission's report," concluded Mr. Thomas.

Say Wilson Will Win.
Administration senators after a canvass today reported to the white house that President Wilson's nomination of Thomas D. Jones, of Chicago, to the federal reserve board would be confirmed by a majority ranging from 6 to 10.

There were no developments in the nomination of Paul M. Warburg, of New York. Indications were that the white house would not begin the fight for his confirmation until after Mr. Jones had been placed.

The fight on Jones was carried into the senate by Acting Chairman Hitchcock, of the banking committee, leading the opposition, because of Mr. Jones' connection with the so-called zinc and Harvester trusts. With administration supporters predicting a victory, the fight went on behind closed doors.

All Are Exonerated.
Exonerated of all senators concerned in the charge of misuse of official letter paper for promotion of a North Carolina gold mine is contained in the findings of an investigating committee which today completed its report. John Skelton Williams, comptroller of the currency, who figured in the investigation, as having sent a government expert to examine the mine, was also exonerated of any reprehensible conduct. The report holds that senators who bought stock in the mine did so as individuals and made no use of their official positions in promoting it.

By a vote of 132 to 122 the house today abandoned its program of "mileage reform" and agreed with the senate to retain the present mileage allowance of twenty cents a mile each way, each session, for senators and representatives. The vote followed spirited debate in which charges of "mileage graft" were freely used. Democratic Leader Underwood and Republican Leader Mann both voted for the higher rate.

afternoon and no announcement of the result of the strike vote was made before the session, which was behind closed doors, convened. W. W. Trenholm, general manager of the Chicago, St. Paul, Minneapolis and Omaha railway, chairman of the managers' committee, and other members of the committee were present.

It was announced by W. S. Carter, for the employees, that the vote of the Brotherhood of Locomotive Engineers was 97.27 per cent in favor of a strike and that the vote of the Brotherhood of Locomotive Firemen and Enginemen was 99.2 per cent in favor of the strike.

BOILING SCALE ADJUSTED.

Iron Mill Workers Reach Agreement With Western Bar Association.

Pittsburg, July 14.—Announcement was made here today at the offices of the Amalgamated Association of Iron, Steel and Tin Workers that the boiling scale of the iron mill workers has been adjusted for a year with the Western Bar Iron association. The men are to receive an advance in the base rate of pay for puddling of 25 cents a ton. Under the new scale the base rate is made \$5.50 a ton on a one cent card, advancing ten on each point of advance in the average selling price of bar iron.

RACING TO GET AWAY BEFORE CRASH COMES

(Continued from Page 1.)

Lieut. Col. Itunza, commanding the Mexican federal troops at the gap, refused to discuss the possibility of Gen. Huerta being on the way to Vera Cruz. He said, however, that a construction train and a large force of laborers were at the Mexican end of the gap ready to begin the work of repairing the road, but that the Mexican government's permission to do this was still lacking. The Mexican commander said he believed the delay was due to an effort by the Mexican war department to obtain an agreement from the United States government that it would not make any military use of the road if it should be restored. The colored, however, said he had no official information to that effect.

SWEEPING PACIFIC COAST.

Insurgents Victorious All Along the Western Line.

On Board U. S. S. California, Mazatlan, Mex., July 13. (Via Wireless to San Diego, Cal., July 14.)—The insurgents are sweeping the Pacific coast of Mexico. Evacuations, occupations, armistices and the exchange of prisoners are everywhere reported to Rear Admiral Howard, commanding the American Pacific fleet and the conditions are that within a week the federalists will be in possession of only Mazatlan and Salina Cruz.

At Santa Rosalia, a mining port on the outer coast of Lower California, the federalists and constitutionalists held a conference yesterday at which it was decided to bury the hatchet and make joint cause with Carranza. The same procedure is expected to take place at La Paz and other Lower California ports, while at Guaymas an armistice has been agreed on to expire at midnight, July 20.

**ULTIMATUM TO
RAIL CHIEFS**

(Continued from Page 1.)

As Fort Wayne is attempting to recover from the damage done by the storm Monday, additional reports of loss will bring the total amount of damage done by lightning and wind to a high figure, which at this time it is impossible to correctly estimate. Crop damage is extensive, it is said by farmers on the city market Tuesday morning, and the high wind accompanying the rain and electricity laid low many fields of growing grain.

Lightning struck a barn on the farm of William Scott, sr., in Abolt township late Monday and burned the roof from the structure, leaving many tons of hay and bins of new grain exposed to the elements. The amount of damage was not reported, but it is covered by insurance.

Lightning also struck in several places about the farm of Samuel Lantz in Milan township. One of Mr. Lantz's cows was killed, but aside from that the damage there is comparatively slight.

In the City.
Aside from the cases reported Monday immediately after the storm, others continue to come in, and Tuesday morning it was said that Mrs. Pauline Prince, of South Wayne avenue, was knocked from a chair while sitting at a sewing machine. She was severely shocked and three fingers of her right hand were badly burned.

The chimney of the residence of C. C. Brown, 3019 South Wayne avenue, was hit by lightning during the storm and completely demolished. Members of the family were in the house at the time, but nobody was injured.

Precipitation Heavy.
Shortly after noon Tuesday W. S. Palmer, forecaster at the local station of the government weather bureau, announced that total precipitation until

MUCH LOSS IN WIND'S WAKE

(Continued from Page 1.)

the sheets of rain that were sweeping in through the windows there was a torrent from the damaged roof that created a short reign of terror in the household.

The heavy wind also attacked a big brick barn on the farm and carried away a portion of the slate roof and in addition took the entire roof from a frame barn adjoining. Flying fragments of slate were hurtled through the air and all of the crops housed in the barn suffered heavily from the downpour.

Dorsey Silo Topped Over.

In addition to having the grain stripped from his oat crop Ben Dorsey sustained a big loss through damage to his corn and other crops which were leveled. Ripening fruit was shaken from the trees and the trees themselves practically wrecked by the wind.

On the old Rupert farm, which was recently purchased by Rufus Leigheimer a vacant dwelling was toppled over and partially demolished by the force of the wind.

Two miles northeast of Maysville on the farm of William Rebb a silo was blown down and the dwelling and barn badly damaged. William Ringwalt's barn was partially unroofed and at the old Henry place the entire roof was carried away.

James Webb's farm was in the path of the storm and his wagon shed was overturned and his fences are down in addition to the injury to growing crops and fruit.

In addition to the losses enumerated there were other farmers in the vicinity who suffered smaller losses. Corn and oats were especially hard hit. Much of the corn will be ruined owing to the fact that it was thrown down after it had grown to a height that will prevent the sun from straightening it up.

The terror that seized the families within the range of the storm was imparted to the live stock and horses, cattle and sheep took about the pastures vainly seeking shelter but so far as can be learned none was destroyed.

DAMAGE RUNS HIGH.

As Fort Wayne is attempting to recover from the damage done by the storm Monday, additional reports of loss will bring the total amount of damage done by lightning and wind to a high figure, which at this time it is impossible to correctly estimate. Crop damage is extensive, it is said by farmers on the city market Tuesday morning, and the high wind accompanying the rain and electricity laid low many fields of growing grain.

Lightning struck a barn on the farm of William Scott, sr., in Abolt township late Monday and burned the roof from the structure, leaving many tons of hay and bins of new grain exposed to the elements. The amount of damage was not reported, but it is covered by insurance.

Lightning also struck in several places about the farm of Samuel Lantz in Milan township. One of Mr. Lantz's cows was killed, but aside from that the damage there is comparatively slight.

PROMISES GOOD BEHAVIOR.

Bread and Water Diet Effective in Case of Tennebaum.

New York, July 14.—A broad and water diet for thirteen hours and a cement floor for a bed yesterday brought promises of good behavior from Frank Tennebaum, the youthful Industrial Workers of the World leader, and today the prison authorities promised to end his stay in the solitary confinement cell on Blackwell's island.

Tennebaum, who was sent to the island for ridding a church, was one of the ring leaders in the recent riots.

While the number of insurgents has decreased by about a score, more than 100 were still holding out today for "their rights." All of these remained in their cells. They include the leaders of the insurgents, all of whom are in solitary confinement.

BECOMES RECEIVING SHIP.

Famous Old Cruiser Brooklyn is Sent to Boston.

Philadelphia, July 14.—The armored cruiser Brooklyn, which took a prominent part in the operations of China in the Spanish American war, left the Philadelphia navy yard today for Boston, where the old fighter will become a receiving ship. It is the first time in seven years that the Brooklyn has put to sea, having been laid up at the navy yard here since her return from the Jamestown fair.

WILLIAM S. CLARK
DIES AT 103 YEARS

Warsaw Man, Oldest Resident of Northern Indiana, Called to Rest After Long Illness.

Warsaw, Ind., July 14.—Death closed a life that had added three years to a century's span when William S. Clark, believed to have been the oldest man in Northern Indiana, succumbed at 10 o'clock last night to an illness that had endured several weeks. The aged man was in a marvelous state of health, considering his years, until the fatal illness seized him, and was seen much about the streets of this city, where he was known and esteemed by practically all of the people. He was a native of Faversham, England, and was born February

WILLIAM S. CLARK.
Centennarian, Whose Death Has Just Occurred at Warsaw.

1, 1811. In 1862 he came to the United States and took up his residence in Sullivan county, Ohio, where for many years he was engaged in business. There his wife died and he came to Warsaw to reside with his son, Fred S. Clark. He usually spent his winters in Crestline and Cleveland, Ohio, where his daughters reside, and it was his custom to make the journeys to and from those cities unattended. A short time before he was taken ill he had returned from Cleveland alone. He was affectionately known here as "Father" Clark and his interest

and activity in church work was unabated until he was prostrated. Three daughters and one son, twenty-two grandchildren and fifty great grandchildren survive him.

NO CLUE TO BABE'S MURDERER.

Huntington, Ind., July 14.—That the mystery surrounding the finding of an infant's body in the Buck stone quarry east of Huntington Friday evening is little nearer solution than at the time of the discovery was the information given out by Coroner R. S. Gallbreath today. Dr. Gallbreath intimated that only one clue had been found and that it was not regarded as of much importance.

William Barcus, a Huntington boy interested in detective work, has taken it on himself to conduct an investigation of his own and his findings form about the only clue authorities have. Barcus found a piece of blood-stained cloth near the spot where the body was discovered.

DESERTER IS ARRESTED.

Van Wert, O., July 14.—Charles Henderson, wanted by United States authorities on a charge of deserting from the army, was captured while loitering in front of the court house shortly after his arrival in town. He is being held a prisoner at the county jail. Henderson disclaimed his identity when taken into custody, but later acknowledged that he is the man for whom the officers have been searching. He gave as his reason for desertion that he had tired of army life. Henderson enlisted in September, 1912, and was assigned to Battery A, Fourth Field artillery. He took French leave of the command on April 18, last, while the battery was stationed at Texas City, Tex.

JURY FOR GYPSY CASES.

Goshen, Ind., July 14.—The Elkhart county jury commissioners, with County Clerk Charles A. Atken, have drawn a venire of twenty-four jurors, ordered to report to Judge Drake in the circuit court Monday morning, July 20, when the Mendes cases growing out of the gypsy battle fought at Harrison Centre camp Tuesday afternoon, June 30, are scheduled for trial. Antonio Mendes will first be tried on the charge of murdering Rosa, the wife of Eli Miller. It is doubtful if any of the other cases will be tried, although two indictments are pending against George Mendes and there is one case in which Nicholas Mendes is made defendant.

KICKED BY HORSE; BADLY HURT.

Auburn, Ind., July 14.—Kicked by a horse, Harold Varner, 11-year-old son of Mr. and Mrs. Jacob Varner, who reside four and one-half miles east of Auburn, is lying at death's door as a result of the injury. He is the third victim within a week who has been kicked by horses. J. Frank Timbrook, of Jackson township, dying from the injury; Fernan Hilkey, the 14-year-old son of Mr. and Mrs. H. H. Hilkey, of Jackson township, being the other two.

There is but little hope for the recovery of the boy. At the time he was playing with the horses in the stable and it is thought that the horse kicked in an attempt to keep the flies away.

GIVEN BIRTHDAY PARTY.

Garrett, Ind., July 14.—On Saturday evening a delightful surprise party was given at the home of Mr. and Mrs. J. S. Hofflinger, in Garrett, in honor of Mr. Hofflinger's forty-fifth birthday anniversary. The evening was spent with music and delicious refreshments were served. Those present were Mr. and Mrs. Albert Palmer, of Garrett; Mr. and Mrs. Bert Parker and Mr. and Mrs. Ella Dutton, of Huntington; Henry Rodenbeck, near Fort Wayne; Ed Freeman, Huntington; Carter Palmer, Goshen, and the Misses Lottie Klinger, of Huntington, and Ada Lucille, Elise and Evadne Hofflinger, of Garrett.

PEACH HARVEST BEGINS.

Huntington, Ind., July 14.—The first of the Huntington county peach crop is ripe and soon will appear on the market in Huntington. The first peaches are white cling, known as July peaches. Lewis Shinkel, owner of the noted Shinkel fruit farm north of Huntington, has several hundred bushels, and the harvesting of this class of the peach crop will take many days. There are 100 trees of this sort of peach in the Shinkel orchard. The peach crop this year will be heavy, says Mr. Shinkel.

GRAND LARCENY CHARGED.

Montpelier, O., July 14.—John Prodan, 21, a foreigner, was arrested Sunday evening near the depot here on a charge of stealing a lady's handbag belonging to Mrs. George Long, residing near Eden, containing \$21.28 in cash and a \$300 deposit check and two ladies' gold watches. Prodan was working for Mark Varner on a farm southwest of Eden. Mr. and Mrs. Long came to Varner's to spend the day and left the handbag in the buggy. After dinner the horse and Prodan were missing.

PLYMOUTH HAS A FIRE.

Plymouth, Ind., July 14.—Fire that probably caught from a brush fire partially destroyed the residence of E. H. Bissell, on Madison street, and water completed the wreck of the building. The fire had been burning for some time before it was discovered by one of the neighbors. The Bissell family was indoors and was all unconscious of the fire until a warning call had been given by the neighbors.

SPONTANEOUS COMBUSTION.

Auburn, Ind., July 14.—Spontaneous combustion is thought to be the cause of a fire that destroyed a barn and its contents, two horses, a granary, a corn crib and a chicken coop on the James Province farm, about a mile and a half east of Auburn. It is thought the loss will reach \$4,000.

THE SENTINEL'S DAILY SCRIPTURE READING.

Acts 22:1-15.

1 Men, brethren, and fathers, hear ye my defence which I make now unto you.

2 (And when they heard that he spake in the Hebrew tongue to them, they kept the more silence: and he said,)

3 I am verily a man which am a Jew, born in Tarsus, a city in Cilicia, yet brought up in this city at the feet of Gamaliel, and taught according to the perfect manner of the law of the fathers, and was zealous toward God, as ye all are this day.

4 And I persecuted this way unto the death, binding and delivering into prisons both men and women.

5 As also the high priest doth bear me witness, and all the estate of the elders: from whom also I received letters unto the brethren, and went to Damascus, to bring them which were there bound unto Jerusalem, for to be punished.

6 And it came to pass, that, as I made my journey, and was come nigh unto Damascus about noon, suddenly there shone from heaven a great light round about me.

7 And I fell unto the ground, and heard a voice saying unto me, Saul, Saul, why persecutest thou me?

8 And I answered, Who art thou, Lord? And he said unto me, I am Jesus of Nazareth, whom thou persecutest.

9 And they that were with me saw indeed the light, and were afraid; but they heard not the voice of him that spake to me.

10 And I said, What shall I do, Lord? And the Lord said unto me, Arise, and go into Damascus; and there it shall be told thee of all things which are appointed for thee to do.

11 And when I could not see for the glory of that light, being led by the hand of them that were with me, I came into Damascus.

12 And one Ananias, a devout man according to the law, having a good report of all the Jews which dwell there,

13 Came unto me, and stood, and said unto me, Brother Saul, receive thy sight. And the same hour I looked up upon him.

14 And he said, The God of our fathers hath chosen thee, that thou shouldest know his will, and see that Just One, and shouldest hear the voice of his mouth.

15 For thou shalt be his witness unto all men of what thou hast seen and heard.

THE DAVENPORTS, NOTED RIDERS WITH BARNUM & BAILEY CIRCUS.

It will be here next Saturday, July 18th, boys and girls, and by "H." reference is of course made to the Barnum and Bailey circus which is headed this way. A real circus with all the trimmings and turbanes is promised by the management, a circus that would make old P. T. B. himself turn green with envy were he alive to see it. There will be no looping-the-loops or soul-shattering acts, but an up-to-the-minute circus, with lots of color, a myriad of new features, and as an added attraction to all the wonders, to be displayed in the rings, upon the stages and the hippodrome oval, a gorgeous and entrancing spectacle of kaleidoscopic splendor, based upon a fairy romance and entitled "The Wizard Prince of Arabia." It is far and away the most pretentious thing ever attempted by the circus and will feature a cast of over 1,000 people, together with a large ballet. The entire resources of the circus in people, horses, camels and elephants are utilized in this wondrous play telling of the love and adventure of Prince Abdullah of Arabia, who waxes and wins the hand of the Princess Akbar Soudan in the magic city of King Babar, her father. The costumes, trappings and accessories present a perfect riot of color and

money has been spent like water for this feature of the circus which is offered in addition to the regular arena program. This production precedes the circus numbers in which over 300 artists participate, many of them making their initial appearances here.

The very artistry of circus talent has been enlisted and among the performers are names that are generations old in the realms of "sawdust and spangles" both here and abroad. Acrobats from over a score of different countries will engage in spirited and friendly rivalry. Among the riders will be seen Bering and Derick, the Davenport's and the Duncans, the Siegrist-Silbans and the Froelichs, the stars among the acrobats. Novelty numbers will be offered by the DeKoes, the Berns, the Brothers, the Silbans, Bird Millman, the Los Jandys, the Bakors and many others. The Ching Ling He and Tai Ten Chinese troupes are new this year, as is Signor Baglioglio, the Italian mid-air rider. The elephants will tango and dance the hesitation waltz and clowns will be thicker than huckleberries in August. The performances will be given in the largest tent ever erected and there will be a street parade the morning of show day.

A WRONG RESTRAINT.

(Pittsburgh Dispatch.)

There is a tendency among ultra-zoological reformers to prohibit by law men who are engaged in other business from having active management of banks. The Michigan banking commissioner has recommended the enactment of such a law. The objection of the senate committee to the confirmation of Warburg and Jones are akin to that view, though based on different facts.

The proposition is too rigid, and is moreover based on a wrong principle. The laws providing penalties for undue loans, and prohibiting exceptional favors to people having influence in banks, should be rigidly enforced. But the strength of banks has heretofore been in having a number of successful business men to engage in their active management. If a business man becomes interested in a bank and uses the funds for the support of his business beyond the limits of good banking, let him go to prison. But to prevent him from running both businesses within the limits of safety would not only be asserting a wrong principle, but would greatly hamper the usefulness of many banks.

In the case of the smaller banks a man who has a home and a store might be very useful as a banker. He is entitled to continue active in both lines so long as he does so within the limits of good banking. But if he goes beyond those limits, punishment should follow.

PARENTAL RESPONSIBILITY.

(Detroit Journal.)

The most absurd and unpleasant hobby that ever blocked the way of education was attacked when speakers before the National Educational association denounced "sex hygiene" teaching, with many interruptions of unanimous applause.

The long-suffering teachers of the big cities have been willing to do many things for the little ones besides teaching them. They are sometimes washed in school, and even given food, and the boards of education look after their health and their teeth. The teachers conduct children's savings banks and advise them in their reading and help to settle their disputes with playmates.

All these things belong to the child-life, the dependent life. But how can a mere curriculum director, a teacher to break into that impressionable mind with the vital knowledge which may concentrate that growing life or ruin it?

So long as parents neglect to teach their children and govern them, not only in sex matters, but in other matters of right and wrong, we shall continue to have delinquents, we shall continue to be plagued with gangs, we shall see immature boys and girls blighted physically and morally.

Let the teacher drop the burdens that do not belong to him, let the family be forced to carry the burdens that do belong to it, and we shall never hear again about the need of sex-hygiene in schools.

HOW ENGLISH BEAUTIES KEEP THEIR YOUTHFUL.

Christian Miller, F. C. L., noted English health expert, attributes the early aging of American women mainly to the "bad" and "savage" method of keeping the face white, pink and healthy. Ordinarily mercurial wax, used like cold cream, rejuvenates the worst complexion. Women do not so much acquire the habit, this wax being obtainable at drug stores generally in the United States and Canada. It is applied at night and washed off in the morning. One ounce is sufficient to completely renovate a bad complexion. It has a peculiar action in keeping the face free from the particles of dead and devitalized skin which are constantly appearing.

COMMITTEE TAKES UP HOT CHARGES

Sensational Report on New Haven Management is Considered.

Washington, July 14.—With its unmeasured denunciation of the "maladministration" of New Haven financial affairs and "criminal negligence" of directors, the interstate commerce commission's sensational report on its investigation of the New England railroad lines was today before the senate committee working to frame legislation for control of railroad financing, interlocking directorates and other subjects concerned in the investigation.

Administration supporters declared that many of the recommendations of the commission agreed perfectly with portions of President Wilson's trust legislation program.

The next step in New Haven affairs, however, was expected from the department of justice. Apart from alleged violations of laws of state and liability of the New Haven's directors, which Attorney General McInerney has said the federal statutes have no control, the department was concerned chiefly in the commission's findings that all the acts characterized as "corrupt and unlawful" were for the purpose of setting up a monopoly in violation of the federal statutes. The department of justice has taken that view in its dissolution suit against the New Haven system, which probably will be filed within the next few days, unless the railroad officials reverse their attitude and accept the terms of peaceful dissolution.

The possibility of any criminal acts being in violation of federal laws was being considered by the department, but that phase of the case is apart from the dissolution proceedings.

MORGAN DENIES CHARGE.

Says Examiners Were Given Full Access to Firm's Books.

New York, July 14.—While J. P. Morgan & Co. consistently refused to discuss the report of the interstate commerce commission, severely censuring the directors under the administration of Charles S. Mellen for "reckless and profligate" financial operations, estimated to have cost stockholders from \$65,000,000 to \$90,000,000, J. P. Morgan himself denies the charge that the commission's examiners were not accorded full access to the firm's books bearing on the New Haven. Correspondence made public at Washington told of Commissioner McChord's directing the chief examiner to cease the work as it "was useless."

Late last night Mr. Morgan issued this statement in reply:

"The information with regard to the withdrawal of the interstate commerce commission's examiners from the examination of the books of our firm is the first intimation that I have had that they have been recalled."

The New Haven situation is now out of the hands of the interstate commerce commission and what action, if any, is taken on the report, lies with the directors. Prosecuting attorneys at New York, Boston, Hartford, New Haven, New London and other points had received no copies of the evidence today. It is understood, however, that copies will be received. District Attorney Whitman, who has been in Newport, was expected here today.

Directors and former directors of the road generally have refused to discuss the commission's report. Mr. Mellen, however, under whose administration the alleged acts complained of were committed, branded it as a "report of a political tribunal made for political purposes." The full board of the present New Haven directors is to meet in New York on Thursday. At that time some statement bearing on the charges may be issued.

Mr. Mellen's counsel, J. W. H. Grim, has issued a statement defending Mellen's actions. He said that Mellen's private fortune when he took charge of the New Haven was a million dollars. Now, he added, it was far less than that. He added that if the government or the stockholders began action against the directors of the New Haven railroad, as suggested by the commission, the directors would retaliate with what he termed an affirmative action in which the other action would be nullified and much to the credit of Mr. Mellen and the directors would be established.

LAWYER DEFENDS MOTHER IN COURT

Sabbath Desecration Cases Prosecuted in City Tribunal.

Several elements of the unusual figure in the prosecution of two cases of Sabbath desecration that held the attention of the city court for two hours Tuesday morning, Mrs. Hannah Frankenstein, who conducts a small confectionery and delicatessen store at 1321 Wells street, was one of the persons accused and she was defended by her son, Solomon K. Frankenstein, a young lawyer who has just entered upon practice. It was shown by the testimony that the attorney for the defense was also the salesman by whom the alleged illegal transaction was actually conducted. In the other case a woman, Mrs. Frank K. Rosenthal, 374 Rm. avenue and Wagner streets, was shown to be the proprietor of the store where a Sunday sale was made, though it was her husband, who is employed in a clothing store down town, who was accused and prosecuted. The suits were brought at the instance of the Retail Grocers' association and William A. Lichtman, a grocer, and William A. Turnbull, a meat merchant, were the prosecuting witnesses. Lichtman and Turnbull went to both stores last Sunday and made purchases for the purpose of filing affidavits. The sales were not denied by the defendants. Rosenthal's defense was that in selling groceries he was not following his usual avocation. In the case of Mrs. Frankenstein it was contended that Sunday sales were made in response to human necessities. Judge Kerr found each defendant the minimum of \$1. Attorney Frankenstein at once moved an appeal in both cases and furnished bond to carry the cases to the circuit court.

"King of the Hoboes" Subdued.

When Officer Madden arrested Edward Kelly Tuesday night for being beastly drunk, he informed the officer that he was "king of the hoboes" and that if the police of Fort Wayne tried to "pull any rough stuff" with him he would lead his gang into town and make a clean-up. In court "King" Edward was as much as a sick kitten, denied that he was strong in his talk or anything else but his breath and set up as exhibit A in the evidence one withered arm that he said had been paralyzed. He begged hard for release, but went over for eleven days.

Promised to Get Married.

A young man looked as Art Jones and a young woman written down as Helen Miller, were charged with specific immorality. They pleaded guilty and the case was continued under \$25 bond to give them a chance to make good their promise to go right out and get married. They had been living together for several months and the police Monday night took them in.

Were Drunk on the Track.

Frank Davis and Arthur Bannan, two husky negroes, were found drunk and asleep on the Nickel Plate tracks at Fry street and were arrested by Officer Pattee. It was shown by testimony that earlier in the day they had been in the company of Robert Smith, the negro who was run over by a train on the Nickel Plate just west of Harrison street Monday night and who died in St. Joseph hospital Tuesday morning. The negroes denied that they knew Smith or had been with him, but the testimony was conclusive. Judge Kerr fined Davis and Bannan \$1 and costs each and they went to jail.

Other City Court Cases.

The two train chubbers, Keegan and Meala, brought in by Pennsylvania special officers, were turned loose. Both told good stories and it was evident that any offense they had committed by trespassing on the railroad was not in Allen county.

Joseph Long, pleaded guilty to assault and battery on Fred Strosser, but the case was continued indefinitely when it was shown the complaining witness was one of a gang of boys who had been annoying the defendant and his family at their home in Bloomington.

Tom Ball, charged with drunkenness, was turned loose, and Luther Jones, another case, went along out with him. William Mackey, who claims Poe as his home, pleaded guilty to drunkenness and went over for eleven days because the court thought he needed a succession of treatments with the hose. His bodily filth was startling.

An officer from Bluffton came in Tuesday morning and returned to that city with H. G. Spencer, who was arrested Monday evening by Detective Sergeant Peter Junk on a warrant charging petit larceny. Spencer is said to have stolen \$5 from a Wells county woman from whom he took an order to enlarge a picture.

SOCIETY

The hostesses at the Country club on Wednesday afternoon will be Mrs. John Hoffman, Mrs. George Evans, Mrs. Edmund Miller, Mrs. Henry Miller, Mrs. Walter Barrett, Mrs. Robert Fox, Mrs. W. E. Doud, Mrs. Ben Lehman, Mrs. Theodore Frank, Miss Ethel Doud.

A very cleverly arranged surprise party of a few intimate friends of Mrs. Sam Wolf, on Monday, was a reminder that she had had a birthday anniversary July 7, that had not been considered by her friends with all the ceremony they thought was due. Mrs. Wolf was invited to drive to the Country club restaurant in company with her mother, Mrs. Wertheimer, of Ligonier, who is visiting here, and Mrs. E. J. Fisher called at the appointed hour to take both ladies in her motor car. While Mrs. Wolf was donning her hat other friends arrived and staid into the house. There had also been arrangements for things to eat and drink and the company had about as merry a time as could be imagined. Mrs. Margaret S. Olds engineered the affair, with the co-operation of the others.

Mrs. Henry Hitzeman has arrived from Detroit, Mich., after remaining six weeks there with relatives. A sister of Mrs. Hitzeman, Mrs. Bramick, accompanied her home for a visit here.

Mrs. Nelson Preston, of Lagrange, is spending a few days with her cousin, Mrs. Anderson, of 2712 Fox avenue.

Mr. and Mrs. Penningroth were pleasantly surprised by the choir boys of Trinity German Lutheran church on Saturday afternoon at their cottage at Lake James. The choir members are spending the week at the Wolf cottage, at the same resort and after contributing several vocal numbers and partaking of refreshments which Mr. and Mrs. Penningroth served, returned to their cottage, pleased with the success of their visit.

Mrs. Jesse A. Greene and son, Campbell, leave tonight for Burt Lake, Mich., where they have a summer cottage and will remain the rest of the season. Mr. Greene will join his family for his vacation.

Miss Pauline Saylor, of Nelson street, has returned from an outing and visit at Lake Wauwassee.

Mrs. C. G. Guild and daughter, Marion, have returned from a visit at Clear Lake with Mrs. James B. White, and will be the guests of Mr. and Mrs. Harry A. Perfect for a week.

Mrs. E. W. Moreland and daughter, Ruth, of California avenue, are visiting friends in Indianapolis for two weeks.

Walter G. Massey leaves this evening for Watertown, N. Y., where Mrs. Massey and son, Lance, have been for several weeks with relatives.

Mr. and Mrs. Albert S. Schele have gone to Detroit for a week's visit.

George Fowler, of Washington, D. C., is expected in the city on Thursday and will be accompanied by Mead Spencer, of Richmond, Va., Mr. Fowler and his daughter, Miss Fowler, and granddaughters, Florence and Louise Pickard and their cousin, Artemus.

Stork to Visit Connaught House

Princess Alexandra

London, July 14.—England's royal ladies never fail to do their duty to the cause, so no one was surprised when the rumor was whispered about that Princess Alexandra, of Connaught, is expecting a visit from the stork.

Before her marriage the princess was the Duchess of Fife and her marriage to Prince Arthur was one of the brilliant social events of a year ago.

Miss Edith Tegtmeyer has returned from a two weeks' visit in Toledo and Detroit.

Mrs. D. N. Harding and Mrs. Sophie Hulse have returned from an outing of a fortnight at Lake James.

Mrs. Cornel Morganthaler and son, Cornel, will go to Clear Lake Wednesday for a stay of four weeks at Hazelhurst. Mr. Morganthaler will spend the week-end and his vacation with his family.

Dick Erwin and Wallace Reitze are enjoying camping out at Lake City, Mich., all the month of July.

Miss Elizabeth Searles, of Indianapolis, who is visiting Mr. and Mrs. J. Fox, of John street, will go to Huntington on Wednesday to visit friends and relatives there.

Miss Helen Lane, of Lafayette street, is the guest of college friends in Indianapolis, at a sorority house party.

Miss Maude Geake, of Elgin, Ill., and her guest, Miss Daup, of Winona, Minn., were honor guests at a dinner party at the Anthony hotel last evening.

After the dinner party they visited moving picture houses and spent a merry hour or two. In the company were Miss Katherine Williams, Miss Carrie Ferguson, Miss Anna Danahy, Miss Pauline Leaser, Miss Mary Fry, Miss Katherine Eisel. Both visiting ladies are on their way to New York city.

Mrs. Margaret V. Hamilton returned to Aurora today after a few days' visit here with relatives.

Miss Ida Orff, of New York city, is visiting her sister, Miss Ella Orff and their mother, of West Brighton avenue.

Mr. and Mrs. Ben Heaton and son, and Mrs. W. F. Reitze are to leave on Saturday for Eagle Lake, where they have a cottage, for the rest of the summer. The trip to the lake will be made by automobile and after leaving Mrs. Reitze and her grandson there, Mr. and Mrs. Heaton will go on to Chicago, where Mr. Heaton will attend a lawyers' convention to be held in that city next week. Mrs. Reitze will not remain all summer.

Kuhn-Hartle.

The marriage of Miss Lora Hartle, of this city, to Mr. William H. Kuhn, of Kosciusko county, took place in Fort Wayne on Monday afternoon. Justice M. Tanczy officiating. Mr. and Mrs. Kuhn will live in Kosciusko county.

AT THE LYRIC.

Who is Thaviu?

This question is best answered by the statement of Keith Vawter, general manager of the Redpath-Vawter Chautauque system:

"Thaviu is a little bundle of nerves, energy and genius. The whole country has been searched over in an effort to find a better band than Thaviu's for Chautauque. The search was unavailing. So Thaviu is coming back. The music market prompted it; the people insistently demanded it, and the management is glad to be in a position to satisfy the demand. Last season it was conceded on all hands that the band was far and away stronger in every respect than it was the year before. In fact it was thought the limit had been reached. But there is yet another surprise coming. We say it softly but we mean what we say."

"Thaviu is very generous. For an appreciative audience he abounds in encores. He is there to play and has no end of material. From the sublimest musical conceptions to the latest catchy fancy, he is there with the goods all the time."

"There is nothing superior to Thaviu's band in Chautauque programs."

Thaviu band and grand opera singers come to the Majestic Thursday and Friday.

Study Canning to Lower Living Cost

Mrs. Fred Diner

Dekalb, Ill., July 14.—Preserving kettles will take the place of books, gas ranges will be used instead of black boards, and matrons instead of school girls will make up the classes when the club women of Illinois attend one of the most unique schools in the country—the special canning and preserving course of the Illinois state normal school.

Mrs. F. A. Diner, president of the Illinois Federation of Women's clubs, has arranged the classes and they will be instructed by O. H. Benson, of the United States Agricultural department. The "canning school" will last a week and then the club women will return to their several communities and present the course to the school girls of that neighborhood. The school is part of the club women's campaign against the high cost of living.

Mrs. D. N. Harding and Mrs. Sophie Hulse have returned from an outing of a fortnight at Lake James.

Mrs. Cornel Morganthaler and son, Cornel, will go to Clear Lake Wednesday for a stay of four weeks at Hazelhurst. Mr. Morganthaler will spend the week-end and his vacation with his family.

WOMEN MEET A FLAT REFUSAL

Democrats on Rule Committee Balk at Date for Suffrage Bill.

Washington, July 14.—The delegation of 200 women which went to the capital yesterday to urge the members of the rules committee to report out the special rule allotting time for the consideration of their suffrage measure met with a flat refusal from the three Democratic members now in the city.

Neither Representatives Foster of Illinois nor Garrett of Tennessee would sign the petition presented to them by Representative Mondell, who acted as spokesman for the delegation.

Citing "gentlemen's agreement," Acting chairman Pou of North Carolina declared that a "gentlemen's agreement" among the Democratic members prevented him from taking the desired action.

The delegation was met in the rotunda of the capitol by Representatives Lenoir of Wisconsin and Kelly of Pennsylvania, and joined later by Representative Campbell of Kansas, all of whom signed the petition urging Mr. Pou to call a meeting of the committee. They were unanimous in declaring, however, that they were powerless in view of the decision of the Democratic members, which, Mr. Campbell declared, reflected the opposition of the majority party to a discussion of the suffrage question.

Sees Democrats Losers.

"I am much distressed over the attitude shown by the Democratic party through the rules committee, which it controls," said Mrs. W. F. Hancock, president of the district section of the National Women's Democratic league, as she left the capitol. "I personally feel that it is unlikely that the Democratic party will continue to receive the support previously accorded to it by countless women if it persists in its present most unsatisfactory attitude toward suffrage."

PILOT'S TRIAL IS BEGUN.

Official Inquiry Into Sinking of River Steamer Majestic.

St. Louis, July 14.—The trial of S. E. Withrow, of Winona, Minn., pilot of the steamer Majestic of the Winkler line, which sank in the Mississippi river ten minutes after colliding with a submerged part of the St. Louis waterworks on June 20, was scheduled to begin behind closed doors here today.

The boat sank at midnight, an hour after putting ashore at Alton, Ill., 900 girls who had attended a telephone operators' moonlight excursion. Three members of the crew were drowned in the accident.

Withrow will be tried by local United States Steamboat inspectors R. V. Downs and George Bower, who have preferred charges against him of carelessness, neglect of duty and unskillful handling of the boat.

HOUSEHOLD HELPS.

To prevent the skin from discoloring after a fall or a blow, take a little dry starch, moisten it with cold water, and lay it on the injured part.

It is a good plan to pepper a carpet thickly just where any heavy piece of furniture has to rest on it, as this helps to keep months, etc., away.

To clean glass toilet bottles, put a little vinegar and salt into the bottle, allow to stand for 2 hours and then rinse out in clear warm water.

Rub silver spoons which have been stained by eggs with a little table salt.

REMODELING SALE

Made Necessary by Extensive Alterations in Our Store

WE are about to tear out the entire Washington street two-foot stone wall of our store and replace it with great, big, glass show windows extending the entire length of the building. Other radical alterations make it necessary to make room for carpenters, decorators and electricians. This rebuilding work will make dust and dirt, neither of which is good for finely finished pianos; to avoid this serious damage we are making PRICES and TERMS that will make it an object for YOU to select YOUR piano now.

AMERICAN WOMEN WHO ARE WIVES OF THE GREAT.

Mrs. John W. Kern

Although she is one of the most popular hostesses in Washington, society has small attraction for Mrs. John W. Kern, wife of Senator Kern, of Indiana.

The Kern family, a tract of 1,600 acres, lies between the Blue Ridge and the Allegheny mountains, not far from Roanoke, Va. There are 250 acres under cultivation.

Mounted on her horse, Mrs. Kern rides every day inspecting her farm, and personally supervising the sowing and harvesting of her crops. In time, she intends to make of the place a first-class

cattle farm, conducted by efficient and up-to-date methods.

"When we decided, soon after my husband took his seat in the senate, to have a home there, I entered upon one of the most thrilling and delightful adventures that may befall a woman—that of housebuilding," says Mrs. Kern. "I was my own architect and contractor, which added to the fun of it. My carpenters were sturdy mountaineers with an instinctive sense of the beauty of line and proportion that go to making of the ideal home. We installed a saw-mill on the place and sawed our own lumber. Also we quarried our own stone from our own mountainside. The result was a house that was not expensive, but perfectly suited to the needs of country life."

Mr. and Mrs. Tony Miller returned to Kalamazoo, Mich., after a visit here with the George Appleman family.

James Harmon made a business trip to Fort Wayne today noon.

FRANCHISE WILL NOT BE RATIFIED

Council Will Turn Down the Contract for Double Tracking.

The contract entered into by the board of public works and the Fort Wayne & Northern Indiana Traction company, by which a franchise was granted the company to construct a double track on Calhoun street from Creighton avenue to Pontiac street, will not be ratified by the city council at its meeting Tuesday evening, unless all the indications are wrong. Property owners who want to be reimbursed for the cost of paving that part of the street that the traction company now wants to occupy with its tracks are remonstrating because the franchise does not provide for such reimbursement and it is probable the council will reject the contract. It is also objected that there is no provision made for the street car company paying for the expense of setting back the curbs, widening the street and paving the additional width at any time the city may decide to increase the driveways. It is pointed out that the traction company paid property owners a prorated cost of pavement on Lewis street and on Clinton street when the loop was built and reimbursed the property owners for the part of the pavement taken on Pontiac street, besides bore the cost of widening that thoroughfare when tracks were laid upon it. The council has no authority to alter the franchise, but can simply approve or reject it. The board of works will have to make any changes desired and if the franchise is sent back rejected and it will have to go through the usual procedure again. Mayor Hovey believes the contract should embody a provision that the property owners be reimbursed by the street car company for the pavement taken and also that the company shall be bound to bear the cost of widening the street whenever that measure is deemed necessary. The street car company is responsible for but seven feet of the width of the street with a single track, whereas a double track will make it responsible for about seventeen feet.

RAIN DOES NOT HINDER MUCH.

Work of Repairing Interceptor Is Not Put Back.

The heavy rains of Monday caused deep apprehensions in the mind of the board of public works because it was feared there might be another cave-in at the big hole in Erie street, where the work of repairing the intercepting sewer is in progress. There was a slight giving away of the earth at one point and some heavy timbers were shattered, but the staging held well and it is believed the work can go forward rapidly. The flood poured into the big sewer, swept past the barriers and boiled out in a roaring torrent from the breach in the arch of the sewer, but quickly ran off.

There was another flood at the foot of Monroe street Monday evening, and for a time it was feared there would be another washout of the Nickel Plate tracks below the point where the Moran ice house spur track dams up the water that comes down Monroe street. A drain will be put in this place at once.

ASPHALT REPAIRS COST LITTLE.

The report of W. A. Drage, superintendent of the asphalt repair plant,

shows that during June 4,444 yards of asphalt patches surfacing were put in and that the total cost, including overhead expense, was \$2,808.98, or about 64 cents a square yard. This is said to be about half the cost per yard of having the work done by contract.

IN THE CHURCHES

DECIDE TO BUY LOT.

Young People of First Baptist Church Will Aid in Building of New Church.

At the meeting of the executive committee of the Young People's society of the First Baptist church, held Monday evening at the church, it was decided to buy a lot a place for the erection of a new building for the Bloomingdale branch church. The lot the society has decided to buy is located on the north side of Huffman street.

The building, according to the present plans, will cost about \$4,000 and will be modern in all respects. The society of young people opened a campaign a few months ago to raise money to buy the lot. This was a thousand dollar campaign and it was reported Monday evening that over one half of this sum had been reached. Seeing their way clear they decided to go ahead and purchase the property so that work can be started as soon as possible.

The new church will bear the same name as it has since its organization, the Bloomingdale branch, and will be under the supervision of Rev. John Walton, assistant pastor of the First church.

ANNUAL PICNIC SUNDAY.

St. John's Lutheran Church in Lake Township Will Hold Affair North of Church.

The annual picnic of the St. John's Evangelical Lutheran church in Lake township, Rev. J. P. Meyer, will be held next Sunday afternoon, July 19, in the Andrew Lamm's grove, one-fourth mile north of the church. There will be amusements and refreshments of all kinds and the public is invited. A program of athletic events and amusements for the children has been prepared.

MUCH INTEREST SHOWN.

Arrangements Were Made for Picnic of St. Joseph Italian Church.

Much interest was shown at a meeting Monday evening in the hall of the St. Joseph Italian church, corner Bass and Fairfield avenue, the young and active pastor, Rev. A. Pettrilli, presiding. Further arrangements for the picnic to be held at Welleser park on Labor day were made.

A special lunch and different kinds of refreshments will be served, a band will play and many interesting Italian and American games have been prepared for the day, which promises to be one of interest.

For this purpose four committees have been appointed, namely lunch, arrangement for place, game and refreshments committees, of which L. J. Starace is general chairman.

A number of American and Italian ladies will serve the refreshments. Some American people who have been taking an interest in the progress of the church will have an active part in the program. The proceeds of this affair will be added to the church fund.

Change Lunch Hour.

The lunch hour at the Young Women's Christian association building has been changed from 11:30 to 1:30 to a half hour earlier, making the new time for noonday lunch from 11 o'clock to 1 o'clock.

Will Entertain Ladies.

Mrs. Maddux, of Sherman street, assisted by her daughters, Mrs. Campbell and Mrs. Norton, will entertain the ladies of the Women's Home Missionary society Wednesday afternoon at 2:30 o'clock at her home.

CORONER CALLS WITNESSES.

To Inquire Into the Death of Robert Smith, Colored.

Coroner E. H. Kruse summoned a number of witnesses to appear Tuesday afternoon at 4 o'clock in his office, to testify in the death of Robert Smith, colored, who passed away Tuesday morning at St. Joseph's hospital, after having been injured on the Nickel Plate tracks near Harrison street Monday night.

Nickel Plate officials who have made inquiries say that no train or engine passed the scene of the accident after the engine which brought passenger train No. 4 into the station at 9 o'clock Monday night went to the round house. An examination of the wheels of this engine did not reveal any bloody marks. The coroner is holding an inquest this afternoon.

Negro Cook Lady Opens Charlie Weber's Classic Brow.

Charlie Weber, white, and a colored cook lady are both employed in a downtown eating house. Weber has annoyed the cook lately with persistent disrespectful attentions whenever she came near him, according to the lady's story. Tuesday afternoon, despite her repeated warnings, Weber repeated his vulgar pleasantries and the cook drew a long hairpin and defended herself. She gave Weber a slash across the forehead, making a long, deep gash. The police were called and Weber was arrested and locked up. He will probably be charged with drunkenness.

CHICKENS UNDER BAN NEXT.

New Orleans eGIs 31,000 Rat Traps to Fight Plague Spread.

New Orleans, La., July 14.—Chickens probably will be phased under the ban with rats by the health authorities fighting the bubonic plague here which in the last two weeks afflicted five persons and resulted in three deaths. Federal health officers will ask the city council to pass an ordinance making it unlawful to keep chickens within certain proscribed districts in the city. The chickens do not harbor plague germs, the doctors say, but feed thrown to them attracts rats and this makes rat eradication more difficult. More of the 21,000 rat traps ordered arrived today and were being placed. No new cases developed.

THE SENTINEL'S LIVE SPORTS CRISP RELIABLE

PREDICT CHANGE WILL HURT PLAY

Central Leaguers Think Tydeman Will Not Do Well at Third.

In the course of a rainy day fanning, the Fort Wayne and Terre Haute teams made a prediction that Vincent Tydeman, switched from right field to third base by Jimmy Jones, new pilot of the champs, will not do as well at the base as he did in the outfield.

This prediction is based on the knowledge that Tydeman is a hard working player who is not giving his best service all the time and that as an infielder he will worry and fret because he cannot play as well there as he can in the outfield. He is leading the league in stolen bases, and he must not be contented at the head of the procession because he has to get on first base before he can get any of the other bugs.

In taking a throw and tagging a runner, or pretending to tag one even in practice, Tydeman looked awkward and he showed a lack of the finish necessary for a man to play the bag successfully. There is no doubt in the minds of the men who make this prediction that he will not be able to learn the art and that he can be depended upon to try as hard as he knows how, but it will be difficult thing for him and thus they see trouble ahead for him.

Grimes, Marshall and Tydeman made up as good an outfield as the Central league boasts of, and Tydeman has to make third one of them will have to go to make room for Tydeman. This would not worry the owners who hit as any one of the trio can be readily sold in the Central league and no doubt Tydeman will be sold to some other team.

Jones debuted at his home park Monday with a victory over the Vets, due to Tydeman's playing in the outfield, and Tydeman was among those present with his big blackhead. He picked up a double and a single, and played a sack, which is a sign of a start for a fellow with the nifty sort of a start. He had three chances in the infield and handled them without a bobbie.

There is just one more angle to the situation which may compel Tydeman to play the infield either at second or third base. He is a day or two. Should he decide to leave, Tydeman may be switched to second and expect used at third, and this seems a likely sort of an arrangement.

Although Hughes played great ball for the club after he was dropped here, he was evidently disgruntled at second base, and he may spread this feeling in the camp and interfere with discipline. It is likely to prompt his release and to expect that he will be no chance to dispose of an outfielder.

That old demon that has pursued the Springfield club all season was in the frame at Evansville yesterday and the club lost to the pennant holders by a margin of one run. Paul Pittery landed a blow in the ninth that broke a tie and sent the Evansville League a mile and a half to the top on the leaders were swamped by the champs.

This score was thrown into the Evansville camp on four hits and seven runs. The champs were laboring under great disadvantages. The scores in the Central league yesterday follow:

PLAYERS REPORT TO THE MANAGER

Every Man Must Be on Deck to Insure He Does Not Oversleep.

Ever know that every baseball player has to report to his manager every morning at an hour fixed by the head of the club?

Well, they do and not one in a hundred knows why. Generally it is to keep them from sleeping overtime. Too much sleep is just as bad for a ball player as not enough, according to the tradition and the customs of the game, and the manager must know that his men are up on time in the morning just as regularly as he must know they are in bed on time when they are away from home.

It is argued that too much sleep makes them lazy in the afternoon games. Also, the manager knows at least a case over to see if there are any signs of dissipation. In the early season the ball parks are selected as practice is generally necessary but after the men get in shape some central point is picked in the business district of the city and reports are made there.

There is the possibility of illness and if the manager knows one of his men is disabled he is better fortified to make such changes as may become necessary than he would be if the men did not report in the morning and he knows nothing of conditions until a short time before play.

In the final game of the series here tomorrow (Monday) the Fort Wayne players expect to land in third place and to go away on a nine-day trip in good shape for a fight for the only position that is now apparently at stake.

The club will be handicapped by the absence of Earl Answorth but there are few postponed games to be played off in cases where the contacts are advanced to give Sunday double-headers a day of complete rest will follow.

Late today there was every possibility that the double bill would be staged at Lucas park but the weather is unsettled and it is necessary to postpone again two games will be played tomorrow afternoon and the third put off until Terre Haute's next trip here.

Jack Raily was out early this forenoon whipping his park into shape after the rain of yesterday night. As a matter of fact the water was of great benefit to the grounds and he believes that there will be fewer bad bounces from now on.

Raily had everything all set and by steady work had managed to dry off the wet spots on the infield and with no rain to hinder him he is looking for an excellent looking baseball diamond.

There is just one more angle to the situation which may compel Tydeman to play the infield either at second or third base. He is a day or two. Should he decide to leave, Tydeman may be switched to second and expect used at third, and this seems a likely sort of an arrangement.

Although Hughes played great ball for the club after he was dropped here, he was evidently disgruntled at second base, and he may spread this feeling in the camp and interfere with discipline. It is likely to prompt his release and to expect that he will be no chance to dispose of an outfielder.

Manager Harry Martin Is God Father to Youngster and Expects Him to Be a Husky Athlete When He Grows Up.

Generally the public knows very little of the private life of a ball player. He is generally seen in the limelight toiling and sweating in a soiled uniform, hitting the enemy hard, alternately a star and a "chub," and few people stop to think that after all they are just like ordinary folks of the diamond, have their loves and dislikes and that their every day existence is filled with sorrow and romance, love and hate and that their existence is punctuated with "home" little things that never appear in print.

All of this is simply a preface to the statement that Manager Harry Martin, of the Fort Wayne team, is a godfather. In the Roman Catholic church the baptismal ceremony requires the presence of at least one sponsor who assumes the obligation of looking after the moral welfare of the godchild in after life. Usually there are two—the godmother and the godfather—and that their every day existence is filled with sorrow and romance, love and hate and that their existence is punctuated with "home" little things that never appear in print.

Well, this is the son of Mr. and Mrs. Clyde Collins. The father is the trainer for the Fort Wayne club when it is at home, and stands several hours every day rubbing out the sore spots and keeping the muscles limbered up.

He is the man who brought out the late John "Bull" Young, who fell before powerful Jess Willard. The local baseball manager stood sponsor for this child and is proud of it. Who wouldn't be? Of course, Mr. and Mrs. Collins think this is the finest baby boy in the world. If there is a more likely looking one anywhere it is certainly in a class that has not been seen in public.

BRESNAHAN BACK WITH BOTH FEET

Famous Giant Catcher is Doing Great Work for Cubs.

(By Hugh S. Fullerton.)

Chicago, July 14.—Roger Bresnahan has furnished one of the real big surprises of the season. A year ago the grizzles were predicting the speedy decline of the rather corpulent "big" catcher, but he has fooled them all and it is doubtful if he ever has had as good a year behind the bat as this one.

From quite a star of the mask and protector with the Giants, Bresnahan, sent to manage St. Louis in a league deal, did as much for the Cardinals that when he came to the Cubs it was naturally noted that Johnny Evers would not be alone in managing the team.

It is even true that Bresnahan, kept out of the game because Jimmy Archer was holding down the job at the plate, tried hard enough to have a place in the management. Roger was continually picking Evers' pinch hitters for him, and whether or not Johnny accepted his judgment, it was quite irritating for the latter.

"Who are you pitching today, Roger?" was a common query from the bleachers, and Johnny did not like it a bit. It is probably true that friction resulted, when Bresnahan did get in the game he didn't show any of the old ability that made him famous.

He was continually letting in runs by passing balls, throwing away second, and even failed to show much with the stick.

But this year, working under Hank O'Day, it is different. He is not the fat, slow-moving giant that he was. It is a thinner and quicker Roger that is doing the bulk of the catching for the fast climbing Cubs during the prolonged absence of Jimmy Archer, who was badly injured.

Bresnahan is a greater star than he ever was. He put in the off season training down and now weighs less than he ever did. That twenty pounds of Roger has done much to help the Cubs.

But the greater question is the apparent harmony between Evers and Bresnahan, who by past performances has the right to believe himself a better manager than O'Day.

Heavenly Marriages and Deathless Soul Kisses Reach Earthly Courts

(By Nikola Greeley-Smith.)

Wheeling, W. Va., July 14.—"Our two souls left our bodies, winged into the uttermost ether and there, between the astral plane and the spirit world, gave each other a deathless soul-kiss and the first spirit-marriage of this world was celebrated."

Mrs. Ella Thomas, medium and pastor of the Spiritualist church of Bridgeport, Ohio, and formerly wife of Rev. John Thomas, Baptist minister of Pittsburgh, giving this description of her "heavenly marriage" to George Heinlein, of this city, has just called upon the earthly courts of West Virginia to declare it a

HOW THEY MARRY IN THE "SPIRIT WORLD."

"It was one evening after the services of our church were over that the 'spirit-world marriage' between myself and George Heinlein occurred. Its process was this:

"Simultaneously our souls left our bodies and soared into space, where they suddenly met. There, while unearthly music played about us, we exchanged that exquisite soul-kiss that made us one forever.

"You can not mistake the marvelous soul vibration, the spirit-thrill, that tells you when you have met your spiritual mate. There are many persons who never know this thrill. They are blinded by earth-love. It is possible to have one earth-mate and one spirit-mate, and it is only in rare and perfect marriages that you find your spirit-mate and your earth-mate in the same person. When you find both mates in one, you know rapture and ecstasy beyond the power of words to describe.

"In such matings earth and heaven are one! The spirits vibrate together. Time ceases to be, and a happiness earth-bound persons can not realize becomes continuous.

valid wedding ceremony, so that she may be saved from 'soul murder.'"

Mrs. Thomas believes that the tangled threads of love and jealousy as they exist in the spirit world can be untangled by the criminal courts of earth if she can procure an indictment of Miss Powell, of East Wheeling, for this "soul murder" she alleges she has suffered.

The woman pastor declares that her "sky-mating" to Heinlein, the good-looking, blue-eyed organist of her church, took place in February in far-off ether in the presence of "such distinguished spirits as George Washington, Patrick Henry and other leading inhabitants of the whole spiritual world."

Some time after the weird wedding, of which there is no early record and of which Heinlein denied knowledge to me, Mrs. Thomas charges that Mrs. Emma Powell and her daughter, Pearl, plump and pretty and twenty, visited her church. She accuses Pearl Powell of flirting with the handsome organist during service and of causing him to fall in

love with her and thus making him unfaithful to his "spirit-world wedding." "It's ridiculous for Mrs. Thomas to attempt to hold my affections by declaring we were spiritually wedded," said George Heinlein to me. "I played the organ for her and was interested in spiritualism, but that is as far as it goes."

Whoever heard of a wedding in the astral plane, anyhow?"

Pearl Powell lives with her mother in East Wheeling.

I went to school with Ella Thomas when we were both little girls living in Pennsylvania, near Blairstown," Mrs. Powell said. "But I lost track of her for years until she sent me a message through a friend to tell me to come over to Bridgeport to her church. So Pearl and I went a couple of times. The second time she wrote me a letter, which said: 'Stay away from my church and keep your daughter away, unless you can stop winking at married men.' She meant Heinlein, claiming he was spiritually married to her. Then she wrote to my husband, telling him to keep me and Pearl from 'murdering her spirit' by flirting with her spirit-mate."

"I don't care what George Heinlein or Pearl Powell have told you," Mrs. Thomas declared to me afterwards. "They all know that George is my spirit-world husband and that no one has the right to take him from me."

"He is my mate for all eternity and no woman can really take him away from me. But any woman who tries to do so slowly murders me, body and soul, and I am going to get justice against her."

"It is all nonsense for prosecuting attorneys to tell me that the courts of earth have no jurisdiction over spirits, and that they can not recognize a 'heavenly wedding.' Everybody in my church knows I am spiritually mated to George Heinlein. He is a spiritualist and he knows as well as I do that such marriages are the only kind that are indestructible."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; unless some out of the ear are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness caused or restored that cannot be cured by E. J. Curney & Co., Toledo, O.

C. A. BROWNLEY DIES IN TOLEDO

Was Passenger Conductor on the Wabash Road Quarter of a Century.

The remains of Charles Brownley, one of the oldest of the Wabash passenger conductors, passed through the city on the Continental limited at 1 o'clock today, en route to Allie, where the funeral will be held. Mr. Brownley died in Toledo Sunday night, following a long illness. When he was able to work he had charge of passenger trains Nos. 5 and 6 between Danville and Toledo and his long service in that capacity gave opportunity for a wide acquaintance among the railway men and the traveling public. He was a most congenial and popular man.

CALLED TO CLEVELAND.

A. D. Hixon, a telephone operator and later extra dispatcher at Fort Wayne for the Nickel Plate, has been called to Cleveland to take the office of chief clerk to W. L. Blair, superintendent of telegraph. He will be succeeded here as extra dispatcher by Operator E. H. White, who is now out "learning the road." Both of these men have been in the employ of the Nickel Plate several years and their promotions are the result of good service.

They Sell Papers on Pennsy Trains

The Union News company has issued orders for its agents to provide themselves with brand new uniforms and the picture above was taken immediately after the "newies" at the Pennsylvania depot received and donned their new clothes. These men handle all the newspapers sold on the Pennsylvania trains passing through this city and at the news station, as well as various magazines and books. They are employees of the Union News company and are very familiar and active figures at the depot and particularly when trains arrive there. In the accompanying picture Boyd and Harry Johnson, brothers, are represented in the front, while back of them are standing Ed Howell, the manager of the local news stand, and Joseph Fishman.

SISTER HURT IN RUNAWAY.

A. A. Sheets, Nickel Plate brakeman, was called to his old home in Ohio yesterday by news of a runaway accident in which his sister was injured. The message did not state the extent of the injuries, but the calling of Mr. Sheets to his home leads him to believe his sister is badly hurt.

DEPOT BASEMENT FLOODED.

The inadequacy of the Baker street sewer was demonstrated yesterday during the most severe of the several rain storms. It failed to carry off the water and as a result the east end of the basement of the new Pennsylvania passenger station was flooded to the depth of two inches for over an hour. The damage was not serious.

INDUSTRIAL NOTES.

J. P. Breithoff, of the Pennsylvania erecting shop, is sick and off duty.

M. Lauer, a cabinetmaker at the Pennsylvania shops, is sick and off duty.

Machinist Michael Quinn, of the Wabash, is visiting friends in Toledo and Detroit.

Assistant Trainmaster A. F. King, of the Wabash, is in the city today on business for the company.

Machinist Charles A. Agster resumed work at the Wabash shops this morning after a visit with friends in Michigan.

Machinist Ed Kline, of the Pennsylvania shops, was taken ill yesterday while at work and had to return home.

The traveling auditors from the passenger department of the Pennsylvania are here checking up Agent J. E. Ross. E. H. Houten, a cab builder, has recovered from a sickness and this morning resumed work at the Pennsylvania shops.

Charles H. Treensing, chief clerk to Supt. R. H. Hudson, of the G. R. & I., has returned from a business trip to Grand Rapids.

George Jerome sustained injury to one of his eyes yesterday which will keep him from work in the Pennsylvania erecting shop for a few days.

Fred Bloemke resumed work in the Pennsylvania machine shop this morning. A week ago he had a hand injured and was threatened with blood poisoning.

J. M. Merriweather, a Purdue student who is working during the vacation term in the Pennsylvania machine shop, was taken ill this morning and had to quit work.

Oscar Shady had the end of his left thumb split open at the Fort Wayne Electric works yesterday afternoon. Dr. Schulz had to close the wound by stitching it.

A. M. Brown, a truck repairman at the Pennsylvania round house, severely sprained the muscles of his right side yesterday when attempting to lift a heavy piece of machinery. He will be off duty a week or more.

J. V. Diem, assistant foreman of the Pennsylvania car shops, is preparing for a visit with friends in Grand Rapids. He will be accompanied by Mrs. Diem and their daughter, Miss Clirine Diem.

Ernest Geerken, of 214 Pontiac street, who has been sick at his home for two weeks, is improving and expects to report for work later in the week. Mr. Geerken has worked in the Pennsylvania shops over thirty years.

J. E. Keegan, jr., of Grand Rapids, was in the city today on business with the Pennsylvania shop officials. Mr. Keegan is a motive power inspector for the G. R. & I. He is a son of J. E.

VERY UNSIGHTLY PIMPLES ON FACE

WILL DISCUSS IT AT WHITE HOUSE

New Effort to Thresh Out the Differences Over Conservation.

Washington, July 14.—Conservationists look forward with interest to the conference to be held at the white house tonight when efforts are to be made to smooth out differences over pending conservation legislation.

President Wilson, members of the cabinet and members of the house planned to consider the pending Adamson bill. The bill is designed to boom navigation on what are now, in the aggregate, thousands of miles of shallow streams with possibilities of power development attractive to private capital but practically prohibitive to the government if undertaken to promote navigation only.

The plan is to grant permits, for fifty-year periods, for private construction of dams and locks so as to provide heads of water for generation of power and hydro-electricity for power purposes for communities needing light, fuel and power for manufacturing and other purposes.

President Wilson is taking considerable interest in the Adamson bill and so are Secretaries Lane, of the interior department, and Garrison, of the war department, both of which departments would have jurisdiction over respective details of the projects under the bill.

A generation of mothers has found no soap so well suited for cleansing and purifying the skin and hair of infants and children as Cuticura Soap. Its absolute purity and refreshing fragrance alone are enough to recommend it above ordinary skin soaps, but there are added to these qualities delicate yet effective emollient properties, derived from Cuticura Ointment, which render it most valuable in overcoming a tendency to distressing eruptions and promoting skin and hair health. Cuticura Soap and Ointment sold everywhere. Liberal sample of each mailed free, with 32p. book. Address post-card "Cuticura, Dept. T, Boston."

RETURNS TO FISH WITH FATHER, 75

Mrs. Ralston, Wife of Governor, Goes Back to Childhood Home.

Indianapolis, Ind., July 14.—Mrs. Ralston, wife of the governor, today will live over her girlhood days spent in Hendricks county. She is "back home" to fish in Mud creek, just like she did when a girl in her teens. Her return to the creek she knew so well as a child is to be made to please her elderly father.

It is said that Mrs. Ralston's baggage upon her departure for her father's home at Clay City last evening, included a can of angle worms dug in the Ralston back yard immediately after yesterday's rain, as well as a basket of lunch.

Mrs. Ralston visited her father, William R. Craven, last Friday on his seventy-fifth birthday anniversary, and it was then that he expressed a wish to return to Mud creek once more for a day of fishing.

"Gladly, I wish we could go out to Mud creek once more just like we used to when you were a little girl," said Mrs. Ralston's father, reviving in memories of bygone days.

So it was arranged that Mrs. Ralston and her father should renew their chummy days by fishing today from the banks of Mud creek for the catfish and sunfish with which the stream abounds.

Mrs. Ralston recalls that she was scarcely "big enough to sit on a log" the first time she went fishing with her father. Then she used a bent pin for a hook, but today she will use a real fishhook and she won't require the assistance of any one in baiting her hook, because her girlhood experiences on Mud creek taught her how to put the worm on the hook.

Julian Ralston, a son, accompanied Mrs. Ralston to Clay City, but hunting appeals to him more strongly than fishing.

Titled American Talks on Suffrage

Duchess of Marlborough

Newport, R. I., July 14.—A real live duchess, title and all, pleaded for "votes for women" at the big suffrage party given by Mrs. O. H. Belmont. It was the first view that many of the guests had of the duchess of Marlborough, once Consuelo Vanderbilt, whose passion for equality in her adopted land has not led her to the ranks of militancy.

American Warships Carry-ing Cadets, at Anchor in Thames

London, July 14.—The American battleships Missouri and Illinois arrived from Gibraltar today and anchored in the Thames off Gravesend where they will remain about a week. On board is a large party of cadets from the naval academy at Annapolis who have been making their annual cruise.

Captain William Fulham, superintendent of the naval academy, who commands the practice squadron, found a sheaf of invitations awaiting him, his officers and the cadets. They came from British naval men and from various American societies in London who have arranged many entertainments for the American visitors. The officers of the American battleships will reciprocate by throwing the vessels open to visitors.

On July 20 the American officers will participate in the dedication to Decadence in St. George's church, Gravesend, of two memorial windows which Ambassador Walter Lines Page will formally present on behalf of the Dames of Virginia.

SEEKS ADVANCE IN EUGENICS.

Wisconsin Alienist Commends the Modern Program.

Chicago, July 14.—"The modern eugenic program makes entirely feasible and practicable a certain degree of social advancement for which it is well worth while to strive," said Dr. Frank L. Drake, of Wauwaton, Wis., today before the meeting of alienists and neurologists brought together by the Chicago Medical society for the discussion of mental diseases.

Dr. Drake discussed Wisconsin's fight against degeneracy and after outlining the conditions in the state and giving statistics showing that there were more than twelve thousand inmates in Wisconsin charitable reform and penal institutions, made a plea for eugenics as the solution of the state problem.

Owing to the absence of two members of the school board, the regular meeting to have been held Monday night, was postponed by Superintendent J. N. Study.

Rapid progress is being made in the erection of the Gauntt office building, corner of Webster and Berry streets and Monday morning workmen were about ready to start the construction of the third story.

CONSTITIATION

Is Not Really Cured by Violent Cathartic and Purgative Drugs.

The World's Greatest Doctors Now Prescribe USOLINE, Nature's Own Marvelous Lubricator.

If you have constipation a "dose of pills" will generally relieve your bowels. You'll have colic, grip and cramps, but then, of course, those who persist in using cathartic drugs must expect to have pains, because such violent preparations always cause gripping and larger and still larger doses are necessary. After a while you'll have to change to some more powerful purgative to get any relief whatever. Every sufferer from constipation knows this to be a fact.

But purgatives and cathartics do not CURE constipation—they simply AGGRAVATE it, make it chronic, and then comfort, health and happiness are gone from your life.

Eating, digesting and assimilation of food are purely natural, easy, unnoticeable functions, and so should be the movements of the bowels, and so they will be if you will stop drug-purging your system, and take a little USOLINE, which is an absolutely pure mineral product, sold by druggists generally.

USOLINE is tasteless, odorless and colorless, and has a wonderfully gentle, soothing and lubricating effect on the bowels, making the movements smooth, easy and regular.

You know the discomforts and dangers of constipation; most of you know the unsatisfactory effects of drugs, and we believe you will appreciate an opportunity to try a real remedy.

USOLINE. Imported only by the OIL PRODUCTS COMPANY, New York, and sold by druggists generally. 25c, 50c a bottle, and \$1 a three pint tin. Also in bottles for children in a box, 50c. Enquire for

THE MARKETS

SEASON'S FIRST ARRIVAL

Cabbage from Southern Districts on Sale at Local Markets; Prices Moderate.

Onions, the first of the season from the southern districts, arrived on the local markets Tuesday morning. Commission men are well pleased with the quality as well as the price which is very moderate. The heads are selling by the dozen instead of by the pound and whole-sale men are receiving 50c per dozen heads.

Wheat took another drop today and fell to 72c a bushel. Another drop is expected soon as the harvest in the western states and also foreign countries is very heavy, making receipts large every place.

All other prices remained steady and it is thought that they will remain so. The live stock market has been very dull and prices have been steady. The packing companies are paying 22c per hundred for hogs.

WORLD'S BIGGEST GUN READY SOON

Great 16-Incher for Service on Panama Canal Fortifications.

Washington, July 14.—When its breech locking device has been perfected at Watervliet arsenal, the great 16-inch gun, the biggest piece of ordnance in the world, which has just been shipped from Sandy Hook proving grounds, will be practically ready for

service on the Panama canal fortifications. The carriage of this giant gun is now under construction at the Watervliet, Mass., arsenal. It will probably be taken back to Sandy Hook for tests after being mounted and will not be shipped to Panama before next spring. Some idea may be had of the tremendous power of this gun destined to protect the Pacific entrance to the Panama canal by the fact that it is fifty feet long. The projectile itself weighs a ton and is discharged by 885 pounds of powder. It requires eight men to carry the powder charge. This gun has a maximum range of from 23 to 23 miles or half the distance between New York city and West Point. The elevation permitted by its carriage will enable the gun to fire a projectile about 11 miles across the Pacific ocean. It has sufficient power theoretically to pierce two feet of the best armor at the muzzle. At 11 miles the gun is calculated to pierce a 12-inch armor plate, or any side armor afloat. When a shell leaves the gun it is revolving on its axis at about 4,000 revolutions a minute and develops a pressure of 38,000 pounds to the square

inch. The pressure to the rear of the gun and forward on the projectile amounts to 7,000,000 pounds. The projectile's velocity of 2,250 feet per second gives a muzzle energy of some what more than 84,000 foot tons—that is an energy capable of raising 42 tons one foot every second. Army ordnance officers believe this gun will be a tremendous instrument of peace when it is finally in position on the Panama canal.

SHAW MADE PRESIDENT. Federation of Labor Holds Special Election of Officers.

A motion presented at the regular meeting of the Fort Wayne Federation of Labor Monday night provided for a special election of officers, and Joseph Shaw, of the cigarmakers' union, was elected president to succeed E. T. Drew. James A. Lechler, of the machinists' union, former president of the federation, was elected vice president. Henry C. Holtz, J. C. Werkman, P. R. Bell, James A. Lechler and Glenn Johnson were named as the official delegates to the state convention, to be held here during the last week in September.

A report submitted by the sanitation committee asked that the city exert extra efforts to keep stagnant water from Delta lake and the lagoons at Lakeside park. This committee also asked that more water be furnished the Harrison street sewer.

REVEALS FAT CURE FRAUD. "Calendar Girl" Confesses Part in Sales to Escape Jail.

Denver, July 14.—Charging that her husband, Walter C. Cunningham, now a fugitive in Europe, made a "fat goat" of her, Marjorie Hamilton Cunningham, the "calendar girl," has chosen a confession in preference to going to the penitentiary. She hopes her confession will free her. In the confession obtained by postoffice inspectors it is declared she admits she was a figurehead in the Denver office where millions were raved from the sale of the famous "fat cure."

PATTERSON-FLETCHER CO. CAN'T PUNISH TUFTENES.

Storstad's Officer Is Norwegian Navigator, Immune. Ottawa, Ont., July 14.—Because Third Officer Alfred Tuftenes of the collier Storstad held a Norwegian navigator's certificate, the Canadian maritime parliament, it was announced yesterday, has found itself unable to inflict any punishment upon him as the man held responsible for the Empress of Ireland disaster.

KILLS DOCTOR; THEN HIMSELF

Quarrel Over Bill Ends in Tragedy in Office of Physician.

Chicago, July 14.—A mysterious tragedy happened last night when Tony Muskowsky shot and killed himself in the office of Dr. H. H. Steere at 1805 South Ashland avenue after mortally wounding the physician. Muskowsky was a patient of the doctor and entered his office while the physician was alone.

They were heard in an angry dispute, and suddenly three shots were fired.

Neighbors ran into the office and found the doctor stretched on the floor with a bullet through his stomach. The other shot had gone wild. Dr. Steere was rushed to St. Anthony's hospital where he died, and the police began a search for his assailant. They found him on the opposite side of the office unconscious. Muskowsky died while being taken to the county hospital in a police ambulance.

Receipts showing that he had paid the doctor \$485 during the last two years were found in Muskowsky's pockets, but the police could not learn his address. One of the receipts, dated last December, gave his address as the Brevoort hotel, but at the hotel it was said he was not known there.

It was reported that Muskowsky and the doctor had quarreled over the payment of a bill.

Detectives went to the hospital and remained at the physician's bedside in order to take a statement from him but he did not recover consciousness.

CHANGE PARK SERVICE.

Twenty Minute Schedule Instead of the Half-Hour Run.

Officials of the Fort Wayne & Northern Indiana Traction company announced Tuesday that cars to Robinson park will be operated hereafter on a twenty-minute schedule. This time program became effective Tuesday. Prior to this time the schedule was one car each half-hour. A more frequent routing will be established on Sundays and holidays.

BIDS WERE SUBMITTED.

Five bids were submitted Monday evening for the general contract and for the plumbing and heating of the new addition to the Turner hall to the building committee, who will go through them carefully and report at the special meeting Wednesday evening. Those who submitted bids for the contract were Max Frimischer, E. Junkunz, William Fuhrman, Christ Franko and Henry Borkenstein.

Weather Observer W. S. Palmer is spending a week's vacation with his wife and family at Lake James. During his absence the business of the office is under the charge of Assistant Forecaster H. T. Collins.

INJURED NEGRO DIES OF WOUNDS

Robert Smith Was Struck by Train and Badly Injured.

Robert Smith, colored, aged thirty-five years, a laborer employed until Monday by Buesching & Hagerman on the Fisher building on West Columbia street, died early Tuesday morning at St. Joseph's hospital from injuries sustained Monday night when he was struck by a Nickel Plate train at the Harrison street crossing.

Smith was found about 150 feet west of the crossing shortly before midnight, and it is believed that he had been injured two hours earlier by a freight train. It is likely that details concerning the accident will remain a mystery, because the injured man was unable to give any coherent account of the affair. His right foot was crushed, his left limb cut off between the knee and ankle and his left arm crushed and the flesh torn away from the bone. His condition was rendered more critical it is said, because of having laid unattended for such a long period of time after sustaining his injuries.

The unfortunate man came to Fort Wayne three weeks ago from Virginia, and it is said that he has a wife and family residing there at present. Efforts to locate them are being made by
